

# ***NEW Substitute Check Stock***

*Five items available to order!*

## ***Substitute Checks***

- 24# security paper
- Acts as a replacement of an original check
- Substitute checks can be transmitted electronically – regular checks can't

### **What is a Substitute Check?**

- It is a specially formatted paper copy of the electronic image of an original check used by banks and considered a legally valid form of payment.
- It must have the front and back image and MICR information of original check.
- The base stock paper and other specifications (perforations, check size) must be within the industry standards for regular checks.
- Substitute checks are also known as Image Replacement Documents. (IRD)
