KEY FEATURES

Convection Heating
The convection fan blows warm air to every corner.

Powerful Heating
With 15MJ of power this unit can heat up to 59m², suitable for medium living areas. Available in Natural Gas or Universal LPG.

Safety Tip Over Switch
The heater will automatically shut off if it tips over for any reason.

Flame Failure Shut Off
Automatically switches off the gas supply if the flame extinguishes.

Touch Glass Digital Control Panel With Remote Control
Easy to use control panel and remote control with LED digital display.

Programmable Timer
Simply choose the time you would like the heater to switch on or off. 24 hour comfort control.
