VERANDA

BY MARK ALEXANDER

The Veranda range of outdoor textiles combines the highest levels of performance with the visual style and tactile quality of Mark Alexander's interior fabrics.

All of these fabrics are fade-resistant to strong sunlight, they are mould, salt and stain resistant, they are also treated with a water-repellent finish and are easy to maintain.

Created using an innovative fibre, Veranda also offers a softness and aesthetic appeal that is usually only found in natural fibre textiles.

So whether using a plain, stripe or jacquard on furniture, a texture such as bouclé or chenille for pillows and throws, or a wide-width sheer at a sun-drenched window, the Veranda range is perfect for any setting, outside and inside*.

* Customers in the UK and Eire should be advised that due to British-FR standards, Veranda upholstery fabrics are for outside use only and under no circumstances should be used or stored inside.
