THE ART OF ACCESSORISING

What's the buzzword of the moment? Accessorise.

Dressing an interior is an art form. Just think of the world of high fashion... it's the accessories that have the ability to build or transform a look into its true intent. So to for the home.

Pulling together a well considered layer of colour, form, pattern and texture is an essential, yet simple, decorating rule du jour. Regardless of style – rich, bold, minimal or monochromatic – accessories provide the opportunity to push conventions, reinforce an aesthetic or make a signature statement.

We show you how with a soft focus from Elitis' latest accessory collections.
