Team members	Emre Candaş		

2. Scope

Scheme	Assessment type
BCS Organic Production Standard_X	Initial assessment
NOP_X	Re-assessment

The assessment was announced.

Applicable regulation:

Control according to the Kiwa BCS Organic Production Standard equivalent to Article 29(1) of Regulation (EC) No. 834/2007

US National Organic Program (NOP) 7 CFR Part 205

3. Overall conclusion

In the following please find a list of crops/products that have been considered during the inspection, revision and certification process, and the result of the certification decision for each crop/product, being reflected in the column "Status".

Please note that ONLY crops/products indicated in the Status column as "Organic, 100% Organic, In conversion - 2nd year of conversion, In conversion - 3rd year of conversion, Made with organic, May be used in organic production in accordance with Regulations (EC) No 834/2007 and (EC) No 889/2008 " were included in your certificate and can be marketed with reference to organic production according to the status given. Any other crop/product, marked as "Non organic - 1st year of conversion", "Pending", "Denied certification", or which are not listed at all cannot yet be marketed with any references to organic production, but is subject to further verification, and possibly fulfillment of noncompliance.
