

NEW

THE ULTIMATE POWER OF HAMMER DRILLING

Premium multi-cutter for reinforced concrete with extremely fast performance.

heller
PREMIUM TOOLS

- Up to 4x more robust than competition* thanks to embedded, solid carbide head
- Up to 10 % faster drilling in concrete**
- Improved drilling dust extraction thanks to new helix design and optimised dust groves in the head
- Extreme service life: Drills up to 1,500 holes
- Distinct, patented twin center-point ensures simple, precise positioning
- No snagging on reinforcements due to backwards curved cutting edges

*compared to the market average for premium multi-cutters

**compared to the already leading predecessor

NEW:
NOW AVAILABLE
UP TO $\varnothing 30$ mm

- ✓ Improved, smooth cutter design
- ✓ More robust on rebar
- ✓ Enlarged head dust groves

- ✓ Increased performance
- ✓ More distinct centering tip
- ✓ More precise hole centering
