ABOUT THE COLLECTIONS

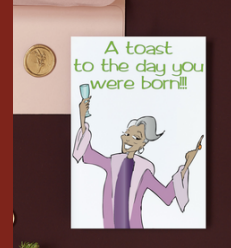

Meet the family. You can always buy individual cards, but we think they work better as a set—jus’ saying. Hard to break up a family.

ANIMAL BDAY

What’s your birthday spirit animal? Are you the queen bee, one of the true unicorns, or just bat \$%*# crazy? All three? No judgment; we’ve got you covered.

WOMYN’S BDAY

What’s better than celebrating womyn? Celebrating the day they were born.

SEATTLE LINE

From the Seattle Freeze to identifying sports fans, and the 7 Stages of Rain Pain, these cards take a lighthearted (sometimes biting) look at the city of Seattle.

LOVE LINE

It’s our favorite four-letter word. These cards celebrate the love spectrum— from first love to the break-up.

GIRL “OWN IT” LINE

Let’s celebrate black girl magic. We’re saluting all the beautiful shades, monikers, and different hairstyles. It’s time to “own it”!

ASTRO TYPE LINE

What’s your AstroType? From A (Aries) to P (Pisces)—we’ve given the 12 signs the typography treatment.

THE ARTS LINE

These original designs and sentiments offer some culture-cheer for the opera, the symphony, ballet, theater, and more!

THE HOLIDAY LINE

Happy—whatever holiday salutation lights your candle. Whether you’re in traditional, salty, or holiday survival mode, we’ve got a card for you.

ABOUT D. SCULLY & SALUTATIONS BY SCULLY

Meet the Team (me)

I'm a one-man greeting card agency. I conceptualize, write, and design every card. I have 20+ years of experience as a successful writer, blogger, ad copywriter, playwright, arts editor, sketch comedy writer, and designer.

Meet the cards

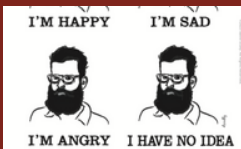

It all started with letterpress cards...

Sketches and Salutations by Scully started in 2007 as a line of letterpress cards. We then branched out to include greeting cards and now, postcards. Our cards have found homes in Amusements (McCaw Hall), Symphonica (Benaroya Hall), Stagecraft (ACT Theater), Fresh & Tasty gift shops, The Seattle Rep, and the Canadian Opera Company.

The look and feel

Most of the cards are based on my sketches. Some are vector images. Sometimes...I'll manipulate images or photographs. I try to give each collection a different look and feel. For instance, the Animal B-Day line is comprised of vector images, the Womyn's B-Day Line is inked sketches with color added, and the Seattle Line is a B&W collection that combines sketches and vector images.

Not sure what to buy? Look for the  BEST SELLER icon as a guide.

SEATTLE'S LOVE LANGUAGES

Being single in Seattle is rough. Looking for love?
Here's a quick guide to help you read between the lines.

IT'S LOVE	MAYBE	NO WAY	
<p>"You make me want to make eye contact."</p> <p></p>	<p>"I'd buy an umbrella if you asked me to."</p> <p></p>	<p>"You'd be perfect for my ex... in California."</p> <p></p>	
<p>"You're better than a venti, triple, half calf, extra hot, one pump vanilla, caramel drizzle, and no foam latte!"</p>	<p>"Our relationship is as permanent as the viaduct."</p>	<p>"Let's go on a hike...scparately."</p>	
<p>"I wanna drive twelve hours to the cabin with you, spend one hour there, and drive back the same night."</p>	<p>"Let's spend the next Snowmageddon together."</p>	<p>"We have as much chance as the Sonics coming back to Seattle."</p> <p></p>	
<p>"Want to wait 9.5 hours for the ferry while we listen to NPR?"</p>	<p>"I want you to wear my flannel."</p>	<p>"I'm spiritual, not romantic."</p> <p></p>	<p>"I'm only lovey-dovey when the sun comes out."</p>
