

## **Fine Furniture Maker / Bench Joiner**

Attica Studios is growing, and we're searching for a passionate **Fine Furniture Maker / Bench Joiner** to join our expanding team. Our ideal candidate will be able to consistently produce our pieces to a high standard, in a dynamic environment, while using cutting-edge machinery safely and efficiently. We are looking for someone with technical skills and knowledge, who also brings creative problem-solving capabilities, and is eager to collaborate and help the team produce high-quality custom furniture that is original and often requires innovative thinking. In addition to crafting our pieces, the right person should also be able to help with technical drawings, optimising processes, and have a keen eye for workshop organisation.

Projects are based on CAD Renders and are made entirely of solid wood, including high-end modern and traditional fitted joinery in one-off bespoke, freestanding furniture, as well as a range of standardised furniture and home goods

### **Are you the right person for this position?**

- Right to work in the UK (mandatory)
- Experience with industrial woodworking machinery
- Proficient in traditional and modern fine furniture making techniques
- Working knowledge of furniture design and architecture
- Good understanding of CAD designs, technical drawings and cutting lists.
- Comfortable installing modern high-end runners
- Multitasking capabilities and an efficiency-first mentality
- Organised, self-driven, and able to thrive in a team
- Enthusiastic about high-quality craftsmanship and the art of creating exceptional furniture
- Committed to contributing to a safe, clean, organized, and creative workshop environment
- Eager to teach and support young makers who are passionate about the craft

If this sounds about right, we're looking for someone like you.

This is your chance to be part of a rapidly growing furniture design and restoration company and develop skills within a supportive workshop environment while working on challenging and exciting projects. Your role will take a crucial part in the growth of our company.

We prioritize safety, high-quality standards, meeting deadlines, and exceptional customer service. Our values include promoting a positive workplace culture with open communication, respect, innovation, teamwork, and opportunities for personal growth.

**Location:**The role will be located at our workshop in Partridge Green, Horsham, West Sussex, UK.

**Contract Terms:**

- Full-time 6-month contract (40 hours per week), with the possibility of extension and advancement as the company grows.
- Salary calculated based on level of proficiency.

**What we offer :**

- Optional bonus on a performance-based scheme.
- Free on-site parking
- Flexible schedule options available, including the option for a four-day workweek.

**About the position:**

You will be...

- Supporting designers by helping create technical drawings and parts lists for both high-end bespoke and standardized furniture.
- Cutting and machining rough and recycled timber to project specifications.
- Carefully preparing and gluing modern and traditional types of joinery.
- Crafting creative solutions to operational challenges during production.
- Coordinating assistants and optimizing the workshop for each project to ensure deadlines and standards are met.
- Devising standard operating procedures and checklists to track and optimize production.
- Installing and fitting high-end hardware to a perfect functional standard.
- Maintaining the standard of the workshop and improving organizational systems.

If you'd like to be considered for this position, please send your CV and portfolio (if applicable), along with a cover letter detailing your relevant experience for the position, to:
