

Dip'N Strip® - Screen Wash / Emulsion Remover

GENERAL DESCRIPTION

Dip'N Strip® is a water soluble, 2-n-1, ink degradant and emulsion remover. It is formulated to break-down UV and Plastisol Inks. Dip'N Strip® will also remove all photo-polymer, diazo, and capillary film emulsions.

ADVANTAGES

- Easy to use
- Economical
- Water-based
- Reduces labor
- Low Odor
- NON-VOC (volatile organic compounds)
- Immediately breaks down the ink and the emulsion
- Non-Flammable
- Non-Hazardous
- High Solvency
- High load capacity to reduce usage
- Safe on all types of mesh
- Biodegradable / Drain Safe
- Ideal for dip tank applications
- Multiple applications

Quick Tip:
Use a dilution that has plenty of strength to break down the ink and emulsion.

Inks and emulsions that are not properly broken down, will leave excessive residue on the mesh.

DST-1 Dip'N Strip® Tank

SCAQMD Bulletin:
Dip'N Strip® is a NON-VOC stripper which meets the requirements of Southern California AQMD to be compliant of 100 grams VOC per liter or less.

Dip Tank Application

Fill with appropriate amount of water then add Dip'N Strip® to Dip Tank. UP TO 10 PARTS WATER. Place screens in dip tank and let dwell for 1-3 minutes. Only let screens soak until emulsion is soft enough to be rinsed off. Emulsion should not come off in dip tank.

- Packing**
- 1 gallon
 - 3x1 gallon
 - 5 gallon
 - 55 gallon drum
