ENVIROHAZE™

STAIN REMOVER

GENERAL DESCRIPTION

ENVIROHAZE™ is a water soluble, non-hazardous stain remover. This product is designed to remove the stain (ghost image) from the screen fabric. ENVIROHAZE™ works on all types of ink stains, especially plastisol inks, and is safe on all types of fabrics.

ADVANTAGES

- Biodegradable / Drain Safe
- Non-Hazardous
- Low Odor
- High Flash
- Non-Caustic
- Neutral PH
- Water Soluble
- Mesh Safe

APPLICATION

1. Apply ENVIROHAZE™ on both sides of screen.

2. Scrub screen with non-abrasive pad or brush. Allow product on to dwell on screen 2 to 5 minutes.

3. High pressure rinse - starting at bottom on the print side of the screen. Reverse screen and high pressure rinse.

Quick Tip:

Allow product to dwell longer, 10 - 15 minutes, for tough stains.

A good pressure washer will make your job easier.
