ProChem® Hand Pro

Hand Cleaner & Conditioner

GENERAL DESCRIPTION

ProChem® Hand Pro is a heavy duty, waterless, hand cleaner and conditioner containing pumice. It is formulated to remove ink, grease, and adhesives. Hand Pro's premium ingredients immediately break down all ink systems. Hand Pro also contains conditioners which help keep your hands from drying out and cracking. Hand Pro does not leave a sticky film on your skin after use. Hand Pro also contains components which help to form a barrier, from your skin, against chemicals and inks.

Quick Tip:

Use Hand Pro, prior to production, to put a protective barrier on your skin.

Give Hand Pro a try today.

ADVANTAGES

- Pleasant odor
- Easy to use viscous liquid
- Protects your skin
- Quickly dissolves ink and adhesives
- Contains Conditioners
- Forms a barrier to protect against harsh chemicals
- Can be used with rinse water or without
