Professional backpack vacuum cleaner

Cleaning has never been so easy with the new Koblenz Backpack Vacuum Cleaner that offers: versatility, durability and great performance.

The most versatile backpack in America

- Carrying handle makes transportation easy.
- Lightweight, only 11 lbs.
- Low noise operation, only 71 dB.
- Low maintenance line cord may be replaced in seconds.

Easy to operate

- Ergonomically designed back plate support and harness.
- Full padded shoulder straps assure worker comfort.
- On/off switch control with belt clip for easy access.
- Complete tool set included: 5' foot stretch hose, 2-piece double bend adjustable wand, 14" carpet tool, 14" bristle floor tool, crevice, dusting and upholstery tools.
- Easy to replace disposable filter bag.

True commercial performance

- Powerful motor.
- 120 CFM.
- 90' water lift.
- 4 stage filtration system: disposable filter bag, outer cloth bag, HEPA filter and foam exhaust filter.
- Superior cleaning efficiency up to 7000 sq ft. per hour.
