

Koblenz®

THE CLEANING MACHINE®

- ✓ Deep cleans carpet spots and stains fast
- ✓ Scrubs hard floors in small tight areas
- ✓ Buffs & cleans hardwood floors

Compact - Low cost

12" Floor Machine

**MODEL:
P-4000**

Great for offices, hotel rooms, halls or bathrooms

- Use it to pre-clean carpet spots before doing an entire area with an extractor
- Cleans grout quickly and easily
- So lightweight and compact that it can be left on-site for small "touch ups" on carpets and hard floors
- Uses the same scaled-down brushes and pads as large floor machines
- Durable all metal housing, motor base, yoke and handle
- Counter rotating 6" twin brushes, make it maneuverable and easy to handle

* One year warranty on parts and labor

CSA - UL approved

Dirty carpets with spots and stains give hotels and restaurants a very negative image.

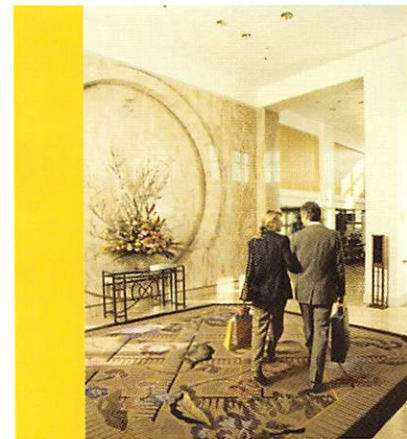

Removing them can't wait for the next general cleaning, and the longer the spot is left on the carpet fibers the more difficult it is to remove. The Cleaning Machine does it quickly, easily and right when you need it!

- **A commercial extractor can't stop to go back and forth to clean a spot, it's too heavy and bulky. Commercial extractors are designed to just keep on going!**

The cost efficient way to clean large carpeted areas is to first remove the spots and stains with the Cleaning Machine and then go quickly over the entire area with a carpet extractor without having to worry about cleaning the spots.

The Cleaning Machine makes it easy to remove spots and stains as they occur in hotel rooms, hallways and restaurants.

- *It's a problem lugging big heavy equipment to a site to do a small area.*
- *Getting a big clumsy 13" or 15" floor machine into a small area such as a bathroom, kitchen or storage area is very difficult.*
- *Buffing small areas of hardwood flooring isn't worth the hassle of lugging in large 20" floor machines.*

- **Reduce your labor costs dramatically by having a LOW COST Cleaning Machine® on-site available to do the daily quick cleaning.**

Optional Accessories Available (sold in pairs)
