

## Easy Cleaning: enjoy your sofa more!

**Aquaclean** has a revolutionary new stain release technology so that you can enjoy your sofa with total peace of mind. We have incorporated a special treatment in all our collections that not only repels liquids, but also acts as a stain release. Water reacts with the technology and gently releases the stain. This simplifies cleaning and gets stains out faster.

This is why **Aquaclean** is now a benchmark name in the textile trade, having become the brand of choice both in homes and the Contract/hospitality sector (hotels, restaurants, bars, high-traffic areas, etc.).

Relax and enjoy your sofa with total peace of mind because you can clean your sofa easily in **just 3 simple steps**.

- 1 Remove any excess residue from your upholstery.
- 2 Apply water\* over the stain, either directly or using a damp cloth, then wait a few seconds.
- 3 Finally, press down with the damp cloth and rub gently over the fabric in circular movements. If the stain does not come off completely (*especially dried in stains*) repeat the process as required.
