THE WORLD OF BENTLEY INTERIORS

Bentley Home collection reflects the evolution of its formal language. A faithful reinterpretation of the codes of excellence, expressed in furniture and accessories displayed in a setting that describes a new dimension of contemporary luxury.

Unique creations form a Collection that stands out for the modern, subtle overtones of the finest craftsmanship, Made in Italy. To create a captivating everyday lifestyle.

CONTEMPORARY STYLE AND CRAFTSMANSHIP

The materials used for the Bentley Home collection are the result of the balance between tradition and innovation. New velvets, with their unique quality and elegance, are handwoven on backstrap looms using traditional techniques. This approach is enhanced by new technologies to create three-dimensional textures.

The relaxing and innovative attitude typical of the Bentley world is also reflected in the choice of materials. The maple and eucalyptus woods that add allure to the structures and surfaces are interpreted in variations with the refined fiddleback motif, at times in contrast with the leather covers.

THE LINE OF BEAUTY WITHOUT COMPROMISES

A total lifestyle for everyday experience, a world of functional quality without compromise in terms of luxury and craftsmanship. Fabrics take their cue from the world of haute couture, in a tribute to the inimitable automotive tradition. Soft cotton and silk velvets and high-performance chenilles reinterpret chromatic patterns, applying a palette that ranges through delicate and pastel nuances.

The colours offer a range of warm tones: shades of brown, dark chocolate, brick, the new praline tones, along with quartz grey, burgundy, hazelnut and royal blue. The quest for style is fully expressed in the furniture's upholstery. Elements typical of men's tailoring, such as pinstripes, Prince of Wales, and the iconic Bentley patterns, including quilted effects, are applied to the leather: light, supple, of the highest quality, in shades of beige, mink and cognac, matched with incredibly fine houndstooth-patterned wool in walnut and dark mocha hues.

EXCELLENCE IN DESIGN AND MATERIALS

Chestnut briar-root adds elegance to structures and surfaces. The rich grain of Ebony Macassar, the exclusive glow of onyx and pale Calacatta marble adorn the table tops, in contrast with the gun-metal grey finish of the bases.

Images and colours of the products printed in this catalogue are purely for information. The products shown in the pictures do not have only one standard cover. Depending on the model, products can be covered both in fabric and/or leather as from the official BENTLEY HOME collection, set of samples and price-list in force during the printing of the catalogue.
 Drawings show the standard version of the product. All the dimensions included in technical descriptions are in cm (inch.), approximate and subject to possible changes (tolerance of +/- 2%).

Due to natural variations of the colorant dyes during the bathing and drying process of the leathers, some slight differences in shade may occur on the final product.
 Any eventual difference in colour that can be noticed between different panels that are joined together to create the same product, must be considered acceptable.
 As a result of technical/production updates, the company reserves the right to change the product information shown on this catalogue anytime and without advance notice.
