

RagMount™

RagMount™ is a heat-activated mounting adhesive with a 100% cotton-rag tissue carrier designed for dry mounting fine art digital prints. It can be used for traditional dry mounting applications including photography. RagMount™ is a low-melt adhesive, which creates a smooth, permanent bond. RagMount is safe and guaranteed to provide good adhesion without discoloration or bubbles.

RagMount™ is 100% breathable with a new design feature that prevents air entrapment. The following papers have been tested and approved with RagMount™; Kodak, Somerset Photo Enhanced Velvet, Somerset Photo Enhanced Textured, HP Glossy Photo, Epson Photo, Lumijet series, Hahnemuhle papers, Fredrix canvas, Arches textured finish and several more.
