Microtome Edge

Wavecut

Noir Supreme Cut Scissors

- **Noir**
The combination of the renowned Aesculap Tungsten Carbide technology with the Aesculap Noir coating results in an extremely high surface hardness and therefore high wear resistance in daily hospital use.
- **Microtome edge**
The extremely sharp cutting edge of the scissors blade facilitates gentle cutting of tissue with minimal use of force.
- **Wavecut** helps prevent tissue from slipping out during the cutting process.
- The WB after the item number indicates the Noir scissors are the wavecut style, e.g. BC211WB.

For more information see our brochure number DOC637.

PLASTIC SURGERY

Aesculap features Needle Holders with Tungsten Carbide (TC) inserts. A smooth jaw and three different serration patterns are available, depending on the size of the suture needle.

We recommend carbide inserts as follows:

Jaw Surface	Suture Material
Smooth	9/0 - 11/0
0.2 mm pitch of serration	6/0 - 10/0
0.4 mm pitch of serration	4/0 - 6/0
0.5 mm pitch of serration	up to 3/0
