A. Bottle Jack

G. Carrying Bag

B. Axle Tube Pad

C. Flat Pad

D. 3" Bottle Jack Extension

E. 6" Bottle Jack Extension

F. Adjustable Bottle Jack Extension

The warnings, precautions, and instructions discussed in this manual cannot cover all possible conditions and situations that may occur. The operator must understand that common sense and caution are factors, which cannot be built into this product, but must be supplied by the operator.

-  **WARNING:** Do not allow anyone in or near the vehicle while using the jack. Sudden movement and weight shift can result in instability. Keep all personnel a safe distance away from the vehicle.
-  **WARNING:** Do not attempt to lift the vehicle on a side or longitudinal slope. The vehicle can slide or roll causing severe injury or death.
-  **WARNING:** Before lifting, place the vehicle's transmission in "PARK" for automatic transmissions and Low gear (1st gear) for manual transmissions. Set the vehicle's emergency brake. Then, block the wheel diagonal to the wheel that is being lifted, with wheel chocks. Failure to follow this instruction can result in severe injury or death to personnel.

1. Unpack the 37M-BJRK(-6W) and ensure that all parts are included:

- A. 1x 6ton Bottle Jack (If you ordered the -6W)
- B. 1x Axle Tube Pad (37M-SJR3)
- C. 1x Flat Pad (37M-SJAF)
- D. 1x 3" Bottle Jack Extension (37M-SJE3)
- E. 1x 6" Bottle Jack Extension (37M-SJE6)
- F. 1x Adjustable Bottle Jack Extension (37M-SJA8)
- G. 1x Carrying Bag

If you are missing any parts please call 1-509-735-2106 immediately and reference which parts.

2. All extensions or pads must have at least 1/2" engagement down onto the bottle jack ram. Extending the screw further than this will cause the extension and/or pad to become unstable.
