

# APPLE & CHERRY PIE

---

- Preheat oven:  
Conventional Oven: 390° F - 400 F°  
Convection Oven: 350° F - 365 F°
- Take the frozen pie out of the box and unwrap it.
- Place the frozen pie on a baking sheet.
- Brush the top crust with a light egg wash or milk wash.
- Bake the pie for approximately 45-50 minutes.  
A golden brown crust and bubbling juice is a good indication that the pie is done.
