APPLE & CHERRY PIE

- Preheat oven:
  Conventional Oven: 390°F - 400°F
  Convection Oven: 350°F - 365°F

- Take the frozen pie out of the box and unwrap it.

- Place the frozen pie on a baking sheet.

- Brush the top crust with a light egg wash or milk wash.

- Bake the pie for approximately 45-50 minutes. A golden brown crust and bubbling juice is a good indication that the pie is done.
