Expert craftsmanship with genuine leather

*Retro51* | pularys

- Retro51 is the U.S. Distributor for Pularys Leather Goods -

## What is it?

The PULARYS brand was born out of a passion for leather goods. It is a nod to a Polish family tradition based on working with leather. When the Pularys family business was founded, the word 'pularys' was in common use and people called their wallets just that. Based on the knowledge of their ancestors, they have created a new chapter of their history.

Pularys has almost 100 years of experience producing leather goods since the 1930s, and continues the family tradition now in its fourth generation. In the early 90s they decided to focus on leather wallets. Their expert craftsmanship combined with modern essentials makes Pularys wallets an element of life, as necessary today as a smartphone. Modern production methods allow them to achieve maximum effect with a minimum of materials used. The Pularys wallet is small, but surprisingly spacious - it does not overwhelm with its presence. It does not take up space in a briefcase, handbag or pocket. It is at your fingertips - always functional. Thanks to RFID-blocking technology, which protects against unauthorized scanning of cards, it uncompromisingly safeguards sensitive data and money.

## More than just a wallet

Pularys wallets are made of high-quality materials. However, they always value that the most crucial factor in the process of producing wallets — the people with their craftsmanship and experience.

Retro51 & Pularys share a common passion for creating elegant, practical and innovative products. It simply made sense that we became a distributor of such an esteem brand.

## The quality of hand-crafted products

Pularys wallets are nothing less than genuine top-grade natural leather, creating a combination of modern aesthetics, optimal functionality, and high quality. They provide all the necessary features for your daily life, such as quick access to cards, cash, and coins.

Each wallet is finely detailed using traditional techniques, such as waxing and burnishing, as well as advanced technologies, including computerised stitching. This ensures that each wallet has a unique and modern look, along with the qualities and features that guarantee a long-lasting product.

# LEATHER MATERIALS

## Nomad Leather ●

NOMAD leather is the highest quality full-grain pull-up leather. It has been soaked in a special oil so that the wallet acquires a patina over time. It brightens up in the folds, is easily scratched and gently rubbed off, acquiring the noble look of vintage leather. However, it is possible to restore the original appearance of the leather by polishing it.

## The Original Legendary Vintage Saddle Leather ●

The Original Legendary Vintage Saddle Leather is a material that has been used for centuries in the manufacture of high-end saddles. It is tanned using vegetable substances and gains its water-repellent properties from the use of hot wax, which, by penetrating its structure, protects the leather from water while retaining its elasticity.

Over time and with use, the appearance of the leather changes - it gets scratched, its color changes shade in the folds and takes on a noble, natural patina. In addition, the leather becomes more supple and durable the longer it is used. The Original Legendary Vintage Saddle Leather is prized for its raw beauty, durability and versatility, which is why it is used not only for saddles, but also for a whole range of other leather products.

## Italia Leather ●

ITALIA leather is a modern full grain leather with a semi-matt finish, available in a wide range of vibrant colours. The surface of the leather has been treated with coloured aniline dye, which ensures that the structure of the leather and the natural growth marks are still visible on the finished product. Tanned using a semi-plant method, Italia is exceptionally soft and pleasant to the touch, yet strong and durable. In addition, the leather has been treated with a hydrophobic varnish, making it resistant to dirt.

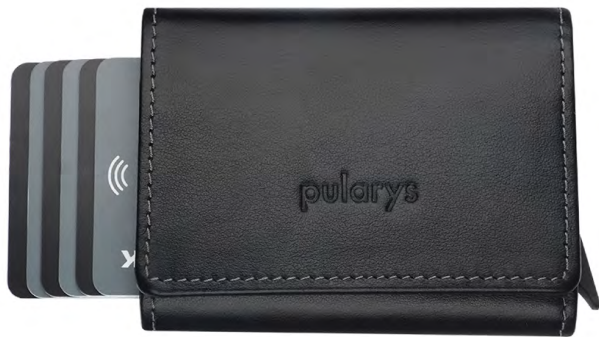

## Hunter Leather ●

HUNTER leather is a durable pull-up leather. Its surface has been polished, soaked in a special oil and finally coated with wax. All this allows the wallet to age beautifully, achieving the natural look of used leather.

## Artwork Specifications

### 1. Platform Compatibility:

Artwork creation is supported on both PC and Macintosh platforms.

### 2. Software Requirements:

We accept artwork files created using Adobe Illustrator EPS

### 3. Image Quality:

Please refrain from sending low-resolution JPEGs, as they may impact the final print quality.

### Font and Image Handling:

To ensure accurate reproduction, all fonts and/or placed images must be converted to outlines/curves before submitting the artwork.

## Art Charges

### 1. Non-Camera-Ready Art Fee:

Non-camera-ready art will be billed at a rate of \$80(G) per hour for necessary adjustments and modifications.

### 2. Billing for Art Charges:

For art charges totaling \$80(G) or less, we will proceed with the adjustments and bill accordingly.

### 3. Approval for Charges over \$80(G):

In the cases where art charges exceed \$80(G), we will promptly contact you for approval before proceeding with any additional work.

### 4. Email Artwork Submission:

Please submit artwork via email to [promo@retro51.com](mailto:promo@retro51.com).

Include the following details in the email:

- Subject line: Purchase Order Number
- Distributor Name
- Contact
- Contact Phone Number
- Attach a hard copy of the artwork (minimum 600dpi resolution)

## Set-Up Charges

### Engraving Set-Up Fee:

Engraving also incurs its unique set-up fee, which differs from other decoration methods. Refer to the respective product page for precise information regarding engraving charges.

## Order Submission and Cancellation

### 1. Order Submission:

- Submit all orders via email to [promo@retro51.com](mailto:promo@retro51.com) for efficient processing.
- All changes to the order or Purchase Order (PO) must be made in writing. Phone orders will not be accepted.
- Please include the following information when submitting a new Purchase Order:

- PO Number
- Product Number
- Description
- Quantity
- Unit Price
- Decoration Method
- Decoration Instructions
- Event Date (In-Hands Date)
- Shipping Instructions
- Camera-Ready Artwork

### 2. Complete Distributor Information:

- Ensure Distributor verification through ASI/PPAI/SAGE#
- Bill to & Ship to Info
- Federal Tax ID Number (if necessary)

## Pricing / Quotes

### 1. Catalog Pricing:

- Published pricing is subject to change without notice.
- Combined Quantity pricing is not available.
- Intermediate Quantities:
- For orders falling between quantity breaks, you will be billed at the lower price break. For example, if you order 75 pieces, you will be billed at the 50-piece price.
- Large Quantity pricing:
- For large quantity pricing, please contact the Retro Promo Division directly to discuss your specific needs.

### 2. Custom Quotes:

- As a manufacturer, we offer the flexibility to modify existing products or create new ones to your specifications. Please contact the Retro Promo Division directly for a custom quote.

## Order Delivery

### 1. In Hands Date:

If your order needs to be received by a specific date, please ensure that this date is clearly marked on the Purchase Order under the label "In Hands Date." This information is crucial for our scheduling and fulfillment process.

### 2. Shipment Method:

Alongside the "In Hands Date," please specify the method of shipment to be employed to guarantee a secure and timely delivery. It is essential to include this information to facilitate the smooth transit of your order. Please be advised that once the order has left our docks, we cannot guarantee delivery.

### 3. Delivery Assurance:

We are committed to meeting your specified dates. However, if for any reason we anticipate that the date cannot be met, we will promptly notify you, allowing for necessary adjustments or alternatives.

### 4. Rush Orders:

Should you require expedited processing, we do accept rush orders based on our open production schedule. Please note that an additional **rush charge of \$100 (G)** per order will apply to cover the expedited services.

## Virtual Proof

A virtual proof will be emailed for your review on all orders. To initiate the production of your order, we require a signed approval to be returned. The production timeline commences upon the receipt of the signed proof and the payment of a 50% deposit.

## Art for Proofs

Artwork that does not meet our requirements or necessitates additional work from our art department will incur an art **fee of \$80(G) per hour**. For any inquiries or clarification regarding art charges, please refer to the Art Charges section.

## Shipping

### 1. Drop Shipment cost:

An **additional \$15(G)** for each distinct address location.

### 2. Shipping costs:

All shipping fees will be invoiced and included in the overall invoice amount, unless a shipping quote is requested before submitting the deposit.

### 3. Freight on Board (FOB):

Richardson, Texas.

### 4. Method of Shipment:

Unless otherwise indicated on the purchase order, orders will be dispatched via UPS ground.

### 5. Shipping Address:

Orders will be delivered to the billing address specified on the purchase order, unless other instructions are provided.

## Production Time

### 1. Production:

Production will not begin without written final approval and the deposit paid.

### 2. Engraving:

Standard lead time is **10-15 business days** following the receipt of final approval and the deposit paid.

## Co-op Programs

Kindly reach out to the Retro promotional division for more information about possible co-op programs.

## Payment and Terms

### 1. Pre-Payment (Deposit):

To initiate production, a minimum deposit of 50% must be submitted, and the remaining balance is to be settled upon shipping. New customers and those with overdue accounts are obliged to pre-pay.

### 2. Terms:

Established customers in good standing with Retro have the option to request Net-30 terms. Accounts exceeding 30 days past due will incur an accounting fee of 1-2% per month on the unpaid balance.

### 3. Proforma Invoice:

Retro51 will forward a proforma invoice once the purchase order is processed to facilitate the collection of the deposit.

### 4. Credit Cards:

We accept Visa, MasterCard, and American Express as forms of payment.

### 5. ACH Transfer:

Please reach out to the Retro Promotional Division to obtain the necessary information for initiating an ACH transfer.

### 6. C.O.D. Orders:

NOT AVAILABLE.

## Sample Policy

1. All sample requests must be submitted in writing via email.

Please include your UPS number with the sample request.

### 2. Blank Samples:

- Blank samples will be invoiced at the end column pricing.
- Samples returned in their original condition within 20 business days will be credited.

## Distributor Self-Promotion

1. Customization must contain the promotional distributor information. All set-ups and decoration costs apply.

2. Distributors will be granted an extra 10% discount on the end column price for the pen's cost. Set-up charges will be invoiced on a (G).

## Return Policy

1. Please contact your designated point of contact at Retro51 to request return authorization and receive instructions for the return process. Returns will only be considered for defective products and/or incorrect customizations. Products cannot be returned or requested for return after 30 business days from the date of delivery.

### 2. Authorized Returns:

If a return request is approved, please ensure to email the tracking information once it becomes available, as this is a mandatory requirement.

### 3. Unauthorized Returns:

Unauthorized returns will be refused and returned to the sender.

## Right to Promotion

Unless explicitly specified in writing at the time the order is submitted, we retain the right to utilize any item we produce for display and promotional purposes.

## Damage Claims

Any claims for damage incurred during transit must be promptly reported to the carrier at the time of delivery.

## Liability and Warranty

### 1. Liability:

The seller's responsibility is confined to providing credit or replacement for any portion of a shipment and, under no circumstances, shall exceed the amount charged for the goods.

### 2. Warranty:

The seller does not provide any expressed or implied warranties regarding the marketability or suitability of its products for any specific use or purpose.

## Trademarks and Copyrights

Retro51 assumes that the artwork submitted for printing is used in full compliance with all applicable laws regarding its usage. The customer agrees to bear any liability arising from claims against Retro51 for service marks, infringements of trademarks, copyrights, patents, or personal rights.

## Union Bug

Not Available.
