

Step 'n Wash helps children and people with disabilities safely and independently wash their hands in public restrooms.

Simply pull down with your foot and step up!

Why step'n wash™ ?

- ★ Parents expect it
- ♥ Certain guests need it
- ✓ Trusted since 2007

A simple step

The patented, self-retracting design provides a boost to visitors who need it and stays out of the way for visitors who don't.

Step 'n Wash installs in about 15 minutes and doesn't require further modifications to your restroom.

Elevating safety and accessibility in handwashing.
