

LITTLE CRATE BOX INSTRUCTIONS

1. Die cut two sets of pieces. You will need crate walls, four bands and four handle reinforcers.

2A. Fold on all score lines and add double-sided tape to all four tabs.
2B. Apply adhesive to the bottom of the crate. Place one side over the other and adhere down to create the base of the crate.

3. Fold up all walls and adhere the tabs to the inside of the crate on all four sides.

5A. Apply adhesive to the bands and adhere around the top and bottom of the crate.

5B. Adhere the handle reinforcers to each handle. Add treats, mini cards or records to the crate.

TIP: You can leave the crate as is after step 4. The bands and reinforcers in step 5 adds sturdiness to the crate as well as an opportunity to add more color.
