Upflor® Tiles

Use Upflor tiles, together with Upflor mosaics to create your perfect garage flooring .

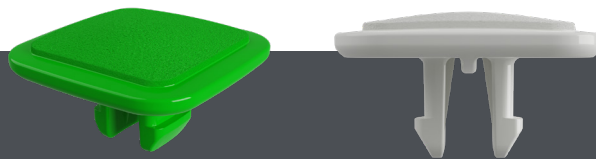

You can now create any design, colour, brand or look you desire for your floor. The only limit is your imagination. Upflor is durable with the best anti-slip surface available with ample drainage when cleaning.

Upflor® Mosaics

Add colour, texture and style to your space by using our simple push-in Mosaics.

Be inspired by the range of designs shown on our website, or get creative and have fun making your own. The possibilities are endless!

Taskflor® Tiles

Taskflor tiles are ideal for areas where a solid surface is preferable.

These can also be combined with upflor to create your perfect garage floor layout.
