

Multi-Jet Hot Water Meters

Multi-Jet Mechanical Water Totalizing Hot Water Meters display total water usage in gallons. Available in a 1/2", 3/4" and include NPT couplings.

Features:

- Brass Water Meter, NPT Couplings at both ends, Multi-Jet.
- Horizontal Inline mount with dial facing upward.
- Totalizer Measuring in Gallon, GPM
- Accuracy: +/-1.5% within normal flow rate range as per AWWA Standard
- Max. working pressure: 150 psi
- Max temperature: 194°F

Specifications:

- Conforms to AWWA
- Class: B
- Accuracy: Transitional Flow: $\pm 5\%$
Nominal Flow: $\pm 2\%$
- Mounting Orientation: Horizontal

PRM Part Numbers:

WM050HOTVX: 1/2 Inch NPT
WM075HOTVX: 3/4 Inch NPT

With Pulse:

WM050HOTPVX: 1/2 Inch NPT
WM075HOTPVX: 3/4 Inch NPT

Materials:

Body: Brass

Couplings: Brass

Measuring Chamber: High Temperature Polyethylene

Paint: Epoxy Coated

Seals: Viton

Size	Weight	Max Flow	Nom. Flow
1/2" Meter	3 lbs.	10 gal.	1-10 gal.
3/4" Meter	3.5 lbs.	20 gal.	1-20 gal.

Not for use with Potable Water
