EurusBlower

Over 30 Years Experience

Shandong Zhangqiu Blower Co., Ltd., was founded in 1968 on the principles of providing quality, value and dependability. After 20 years of establishing a solid foundation in China, they began to export their blowers in the late 1990's. The company quickly became known as a leader in blower technology across international markets.

In 2008, Shandong Zhangqiu Blower Co., Ltd. decided to take its 30-plus years of experience and establish **Eurus Blower** in southeastern Virginia - one of the fastest growing industrial areas on the east coast of the United States.

- **Quality**
- **Value**
- **Dependability**

Eurus Blower: Built For Long Life

- Heavy duty, oversized bearings designed for longer L10 life in industrial applications.

- Dual-splash aluminum tank design ensures gear and bearing longevity.

- One piece integrated ductile iron rotors and shafts, large shaft diameters, one piece high strength housing, and one piece end plates reduce torsion and vibration.

- Housings are designed for horizontal or vertical mounting configurations.

- Multi-piston ring air and oil seals minimize maintenance costs and ensure delivery without oil and air cross contamination.

- A viton lip seal on a wearable shaft sleeve with o-rings prevents oil from leaking and extends the life of the shaft.

1. Taper-lock Shaft Mounting

2. Oversized Bearings

3. Precision Helical Timing Gears

4. Multi-piston Ring Oil/Air Seals

5. Ductile Iron Rotor

6. Viton Oil Seals on Wearable Shaft Sleeves

7. Roller Drive Bearing

8. Aluminum Oil Covers

9. Oil Sight Glasses

10. Cast Iron Housing

11. High Strength End Plate

Pressure Performance : MB Series 30, 45, 60
