# THE ICING ON THE CAKE

**T**he world of confectional  
artistry is as vast as the joy  
that precedes it.

**There are many that dabble  
in the seas of delectable  
creations.**

**But there is only one Porges Cakes.**

For it takes a pool of undisputed skill, knowledge  
and technique to master the true art of the artisan  
confection.

**And that, can only be found at Porges.**

The standards are high. No ingredient will make it  
into a creation before it has gone through a rigorous

vetting process to determine if its quality is  
worthy of its destination.

And the designs! Porges Cakes will never settle  
for anything less than showstopping. We have  
mastered the art of flawlessness stealing the  
show at any event where our cakes are displayed.

Our creations are used far and wide as a  
springboard for creativity.

**But that doesn't mean we don't value  
your input.**

We understand that your event is unique and  
will customize the creation of your dreams to  
coordinate with the designs and colors of choice.  
Using the skills and techniques we are so famous  
for we will craft the confections that both match  
up to our standards and are in sync with your  
vision.

**No matter what that vision may be.**

Our facility is equipped to make it happen, no  
matter the scope. Within the walls of our 10,000  
square foot castle, stands a team of 20 creative  
professionals ready to get their hands on the  
equipment of their dreams in order to execute

yours. For only the most sophisticated ovens and  
utensils can bring about the grand vision of a  
Porges masterpiece.

**Design and skill are not the only  
priorities, though.**

Our Kashrus standards are something we will  
never compromise on. Porges Cakes is trusted by  
the most stringent of communities and for good  
reason. We understand the responsibility behind  
that trust that is placed in us and will do all that it  
takes to live up to every Kashrus expectation.

**That's all until you take the first bite.**

Alas, we have not forgotten the root of the  
matter. For all the bells and whistles are worthless  
if the taste disappoints.

**A Porges cake never disappoints.**

Biting into one of our delights will transform  
you to another world. A world in which all else  
melts away as you are swept into a sweet utopia  
of bliss. Because a true artist knows that the  
beauty of a confection only has value if the taste  
matches up.

**And a Porges always does.**
