

FMI

Fire Manufacturing Innovations

OUR MISSION

To protect people who serve by creating safer vehicle access solutions.

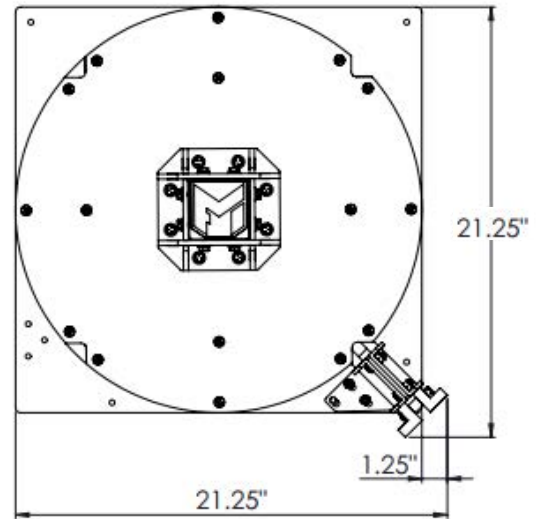

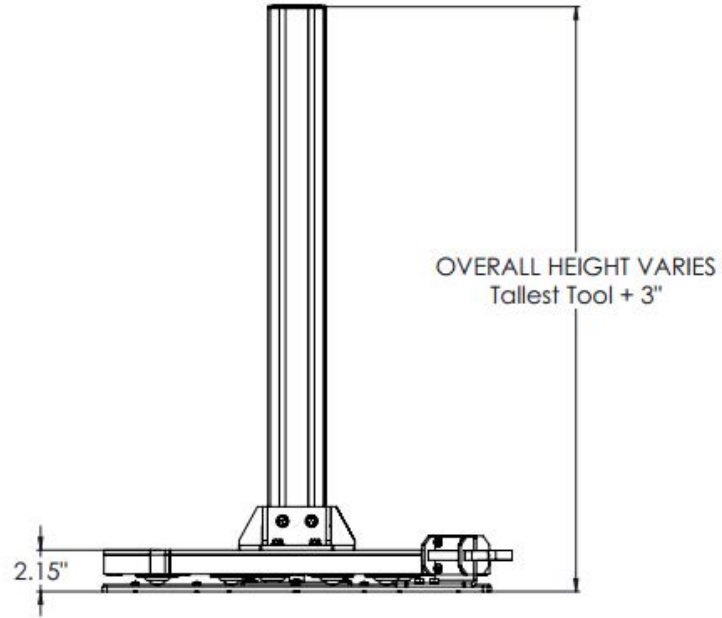

FMI, designs, manufactures, and installs compartment management solutions. Our solutions ensure that we are the best design partner and engineered solutions manufacturer in the specialized vehicle market.

OUR FACILITY

Our state-of-the-art facility includes multiple Trumpf lasers and bending machines, 3D printers, welding stations and a full paint facility. FMI's use of industry leading technology allows us to deliver innovative, cost-effective compartment management solutions.
