

ZEUS ARC GTS HUB

► KEY FEATURES:

WHO SHOULD GET THE ZEUS ARC GTS HUB?

You're looking for a one stop vaporizer solution that includes a premium vaporizer along with everything you need to process and enjoy your dry herbs from start to finish.

GETTING TO KNOW THE ZEUS ARC GTS

The Zeus Arc GTS is a high-performance vaporizer designed in Germany featuring a gold conduction chamber that results in high quality vapor.

DRY HERB & ARCPOD COMPATIBLE

The reusable and disposable ArcPod makes it super easy to load and unload your Zeus Arc GTS on the go.

Each ArcPod is crafted out of durable and energy efficient aluminum to facilitate rapid transfer from the heating chamber to the dry herb inside making it simple to get the perfect roast on the go.

INCLUDED XTRUDER

The new Zeus Xtruder is the most refined component of the entire package. Designed to fill ArcPods with perfectly ground herb, the Xtruder ejects the ArcPods once filled.

The new Zeus Xtruder is the most refined component of the entire package. Designed to fill ArcPods with perfectly ground herb, the Xtruder ejects the ArcPods once filled. Taking out the guesswork and mess now even absolute beginners to vaporizing can enjoy satisfying and consistent doses with each session, straight out of the box.

THE HUB

Not only is the The Hub designed to house the Zeus Arc GTS and it's accessories in one tidy spot. It also acts as the base of operations for loading and unloading your ArcPods.

REDESIGNED MOUTHPIECE AND VAPOR PATH

The new mouthpiece design of the Zeus Arc GTS is optimized for reduced exposure of the silicone rubber to the vapor path.
