4. First aid measures

4.1. Description of first aid measures

- **Inhalation**
  Call a poison centre/doctor

- **Skin contact**
  Wash with soap and water. Get medical attention if you feel unwell.

- **Eye contact**
  Flush with copious amounts of water as a precaution. Get medical attention if you feel unwell.

- **Ingestion**
  Rinse out mouth with water. Immediately call a poison centre/doctor.

4.2. Most important symptoms and effects, both acute and delayed

The most important known symptoms and effects are described in section 11.

4.3. Indication of any immediate medical attention and special treatment needed

Get medical attention if you feel unwell. Treat symptomatically.

5. Fire fighting

5.1. Extinguishing media

**Suitable extinguishing media**: As appropriate for surrounding fire.

5.2. Special hazards arising from the substance of mixture

May decompose in a fire, giving off toxic and irritant vapours.

5.3. Advice for firefighters

Fire fighters should wear complete protective clothing including self-contained breathing apparatus.

6. Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

Wear personal protective equipment (section 8). Avoid dust formation. Ensure room is well ventilated.
6.2. Environmental precautions

Avoid release to the environment.

6.3. Containment and cleaning

Contain and clean up spill if safe to do so using an electrically protected vacuum cleaner or by wet-brushing. Dispose of dry waste in closed container for proper disposal according to local regulations.

7. Handling and storage

7.1. Precautions for safe handling

Avoid formation of dust and aerosols. Provide exhaust ventilation in places where dust is formed.

7.2. Conditions for safe storage, including any incompatibilities

Store in a cool, dry and well-ventilated place inside of a tightly sealed container. Reseal containers that have been opened and keep upright to prevent leakage. Store locked up.

- **Storage temperature**: Ambient
- **Storage life**: Stable under normal conditions.

7.3. Specific end uses
