

A *MICRO RIDER* Floor Scrubber

# X-SCRUB Rider 28 Lite

- » Designed for medium size spaces
- » Fits in elevators for easy transport
- » It fits through a 36" door opening
- » Great for hallway cleaning

## BENEFIT SUMMARY

**1** "The One-Touch Button" - Allows the brushes to power on, water to flow, squeegee to drop down, and the vacuum to power on. When finished it does everything above, in reverse.

**2** Magnetic hub design makes it easy to change out pad/brushes with no tools required.

**3** Aluminum squeegee frame.

**4** Stainless steel squeegee straps.

**5** Fits through most standard door frames.

### BENEFIT SUMMARY

- ➔ Ditch the manual cleaning methods that lack the precision and perfection of newer technologies.
- ➔ No more murky water spreads dirt over large areas, takes forever to dry.
- ➔ Quickly cover more ground while the operator rests their legs
- ➔ Helps cut down on worker fatigue.
- ➔ Easily and quickly change out brushes and pads with the magnetic hub.
- ➔ Steering the machine from up top, the operator won't leave footprints on the clean floor or risk slipping on a wet surface.
