

Assembly Guide

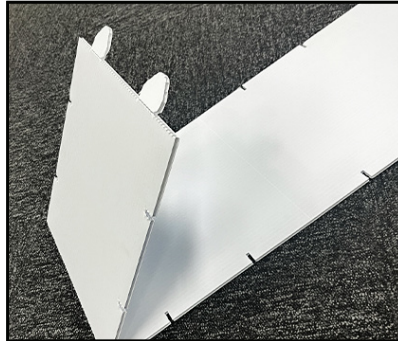

Stackable cubes

HOLLER
PRINT

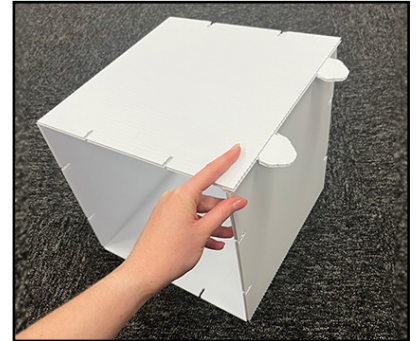

Step 1

Grab your sign and place it on a flat surface, print side down

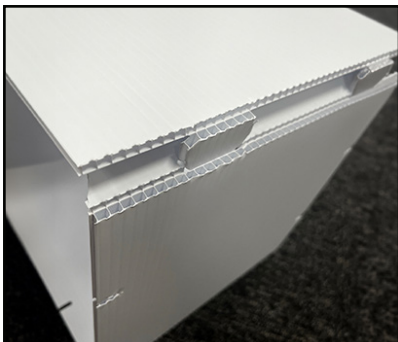

Step 2

Time to channel your inner origami master! Fold along each crease, don't forget the tabs. Use your palm to make those creases nice and sharp.

Step 3

Carefully fold your cube into the correct shape as indicated, ensuring all edges align perfectly

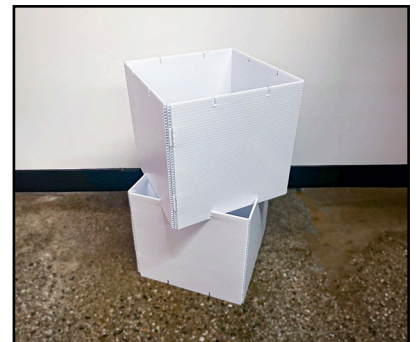

Step 4

To secure your bollard sign in its new shape, locate the tabs and slide them into their corresponding slots with precision – think of it like locking the pieces of a puzzle in place

Step 5

If you possess multiple cubes, create a secure assembly by stacking them on top of one another and interlocking the.

Step 6

Behold, you've now got yourself a squad of cubes that are just itching to be stacked like enthusiastic Jenga champions!
