

CLICK & GROW™

Click & Grow is one of the leading producers of smart gardens in the market. We have created a technology that enables everyone to grow fresh, GMO-free and pesticide-free food from their home or office without the need for fertilizing and regular watering.

Click & Grow was founded in 2009 and has shipped its products to hundreds of thousands of customers worldwide. The company is headquartered in Tartu, Estonia. It also has offices in Tallinn and San Francisco.

Click & Grow is working towards making the most essential, fresh, vitamin-packed food available to everyone on this planet. We believe everyone deserves to enjoy clean, fresh food and to thrive. Join us and help make it happen!

The Role:

Click & Grow is looking for a **Purchasing Specialist** to support the Supply Team in our Tartu office.

Job Description:

- Being in charge of operational purchasing tasks
- Maintaining purchasing data in SAP
- Asking for price quotations
- Making cost calculations and participating in the product development process

You should:

- Have an interest in building best practice supply chains
- Be fluent in English and Estonian
- Have supply chain related higher education or relevant work experience
- Be reliable and independent
- Have great attention to detail
- Have a can-do attitude in a volatile environment

We Offer:

- A global and rapidly growing supply chain to work in
- Flexible working hours and opportunities for remote working
- The unique experience of being part of a market leading innovative company, revolutionizing how fresh food is grown
- A friendly, supportive, high pace and low bureaucracy work environment
- An international, young and enthusiastic team
- A comfortable, green office in the centre of Tartu with fun team gatherings
