

### The small

Place the flat part of the massager on the top of the palm of your hand, the handle of the massager should be between your thumb and your index.

### The medium

Move the non-glazed surface of the massager in the center of your palm, the handle of the massager should be in the hollow part between your thumb and your index.

### The large

Place the flat part of the massager on the top of the palm of your hand, the handle of the massager should be between your thumb and your index.

To keep the massagers in place, apply pressure with your thumb on your hand.

For massage ideas, please refer to the ADORI booklet.

## ADORI

### Porcelain Body Massagers

## Instructions

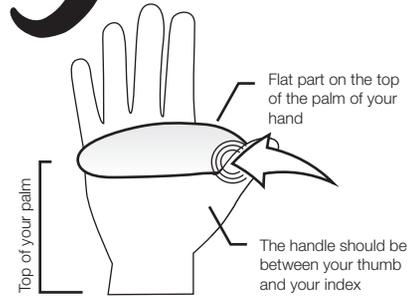

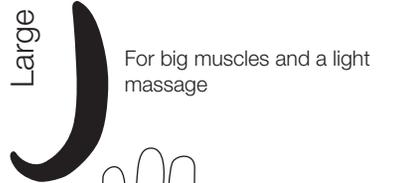

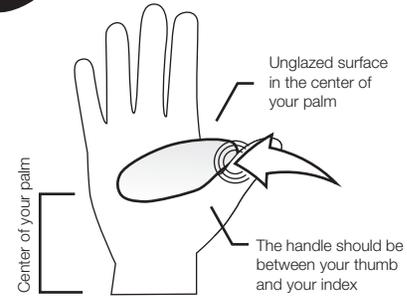

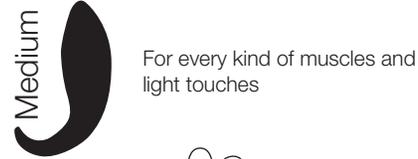

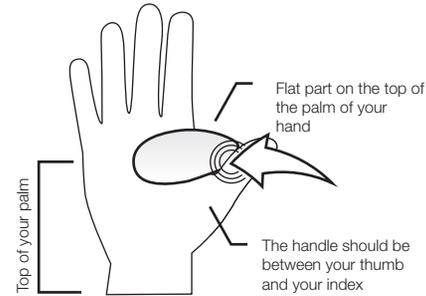

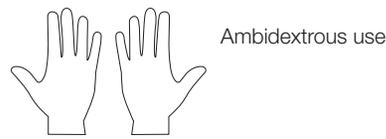

We offer some positions for the massagers, but keep in mind they are versatile. Try different grip techniques and choose the one that suits you best.

Stay aware that the pressure you exert is higher than normal if you use ADORI. You should always confirm which level of pressure is more agreeable to your partner.

### Care and cleaning

We recommend that you wash your massagers before your first use and after each use.

For regular cleaning, wipe your massagers by hand with a mild detergent. Rinse with warm water and dry by hand with a cloth.

For a complete wash, submerge the massagers in a pot filled with water. Bring water to a boil, boil for 5 minutes and then turn off. Wait 30 minutes before taking them out of the water, then dry massagers with a cloth.

### Enhancement

To improve the gliding of the massagers on the skin, you can add one of the following items according to your preference : lotions, creams, oils or talc. ADORI porcelain massagers are compatible with all types of enhancers, whether silicone-based or water-based. For a healthy and responsible experience, we recommend using certified organic products. Make sure to always wash your ADORI after using them with any of these enhancements.

### Storage

When you do not use the massagers, we recommend storing it in your box or your travel bag. They will be dust-free and ready for your next massage.

### Security

Do not use the products if they have slits, cracks, are damaged, chipped or is broken in any way, do not use it. Contact us at [info@desirables.ca](mailto:info@desirables.ca)

Do not heat the massagers in the microwave oven, on the elements of a stove, in an oven or over a flame. Always test the temperature of the massagers before any contact with the body.

Do not put in the dishwasher.

Do not create a thermic shock, that is to say, create a major and sudden change in temperature. ( Ex.: put your ADORI in the freezer and then plunge them into boiling water.)

Do not rub eyes, bones or the popliteal fossa (the hollow behind the knee).

In case of pregnancy or stomach ache, do not massage the belly.

In case of persistent or severe pain, do not use the massagers. Consult a health care professional.

Do not use massagers if skin is scratched, swollen or inflamed.

Do not use massagers on the highest part of the neck or head.

For external use only. ADORI massagers have been developed for external exploration only. Do not insert ADORI in the vagina or anus.

Keep out of the reach of children and pets.
