Please add frame finish followed by desktop finish when ordering eg. **STE1616** with White frame in White/Oak = **STE1616-WH-WO**

Start simple then Adapt easily!

Step 1

Select a starter unit which can be single desk or back-to-back desks. Choose your add-on unit in the same width, depth and finish as the starter unit

Please note:
Don't mix 600mm deep desks with 800mm deep desks, and don't mix 1200mm deep with 1600mm deep back-to-back desk clusters. You can't mix fixed tops and sliding top desks.

Step 2

Remove one set of legs from the starter unit and add to the end of the add-on unit

Step 3

Connect the add-on unit to the starter unit. Simply repeat the process and connect more add-on units to create runs of desks
Beam

Steel legs and framework for enhanced strength and stability

Manages all the cables from the desk to the floor, with a front panel that can be removed quickly and easily to gain access to wires

Mass cable riser

CODE	W	D	H	RRP
EDCR	390	65	500	£166

Black (**K**) Silver (**S**) White (**WH**)

Please add metal finish when ordering eg. **ED16SCT** in White = **ED16SCT-WH**

Offering choice is essential when creating a space for an agile workforce, and Adapt's thoughtful design and versatile components help you to do more with less.
The flexibility of bench desking allows for easy reconfiguration and expansion of the work area as one project is completed and a new team moves into the space.

Inset legs

Provides improved leg room as the recessed leg is positioned in the centre of the desks

Central drop down cable trays where cables can run between two trays for effective cable management

Central cable trays
