A Cake as Unique as You...

Completely vegan, gluten free, kosher, and organic

We are excited for the opportunity to make your special day extra sweet! All of our cakes are made using the highest quality organic ingredients and are completely vegan, gluten free, kosher, and organic. Our cakes are also soy free and able to be made corn free. Our helpful staff and pastry chef will work with you to create a unique cake just for you! We understand that ceremonies may be smaller than previously expected. We welcome the chance to create wedding cakes of all sizes.

Take Out Tastings

Mix & Match to find your perfect flavor combination

Take out tastings are \$50 and also function as your non-refundable deposit. Should you book with us, the \$50 tasting fee will be put towards the cost of your cake.

We provide you with the cake flavors (in the form of cupcakes), filling flavors, and cream flavors all packaged separately so you can mix and match flavor combinations to find what is best for you!

Each tasting comes with a sample of Vanilla Buttercream in addition to the 3 creams of your choice. We suggest our regular creams for the inner layers, and buttercream for the outer. Buttercreams are sweeter than the regular creams and are better for decorating and as an outer icing.

We suggest a take-out tasting for your convenience. In person tastings with our pastry chef can be scheduled by request for an additional fee. Please be aware that we have limited availability, so certain days and times may not be possible.

After you submit an inquiry through our website (puresweets.com/weddings), our Wedding & Custom Experience Coordinator will reach out with flavor options and additional details.
