

Stoves

A VARIETY OF DESIGNS

CREATE A COMFORT ZONE
IN ANY SPACE WITH
A VALOR STOVE.

 **Valor** Radiant
Gas Fireplaces

THE SCIENCE OF WARMTH™

Since 1890, we've been pioneering and perfecting radiant heat technology that generates constant, comfortable warmth within your home.

RADIANT HEAT

What's makes Valor unique? We put radiant heat technology into every fire. You can feel it.

ADJUSTABLE HEAT

Adjustable flame for constant, even warmth without having to cycle the fire on and off.

EFFICIENCY

Radiant zone heating is up to 25% more efficient than central forced air systems.

SAFETY

Our fires are put through rigorous safety testing in our in-house CSA approved lab.

REALISTIC LOGS

High definition, low mass fiber ceramic logs heat up and glow quickly, radiating warmth.

COVER:

Madrona Modern with
Pewter sides and Traditional logs

PROUDLY MADE
IN NORTH AMERICA

CONVECTIVE HEAT

Secondary Heat Exchanger naturally improves convective heat—without a fan.

NO POWER. NO PROBLEM.

Valor stoves heat without electricity—even in a power failure.

CERAMIC GLASS

Durable and robust ceramic glass improves radiant performance.

SUPERIOR ALUMINIZED STEEL

Aerodynamic aluminized steel firebox handles high temperatures, delivering efficient radiant warmth.

PRESIDENT WITH COALS AND REVERSIBLE RED BRICK LINER

PRESIDENT STOVE

SMALLER STOVE WITH BIG HEAT

Crafted with detail and inspired by classic design, the President freestanding stove is perfect for upgrading traditional and contemporary spaces.

Projecting a mere 14.5 inches into the room, the solid cast iron body shows great freestanding as well as tight against a wall—leaving plenty of space.

The classic fuel beds, Traditional Logs and Coal, include a reversible liner with red brick or fluted black—your choice!

The contemporary fire beds—Rocks and Driftwood—feature the Fluted Black liner.

An optional Reflective Glass liner is always a consideration, for all fire beds except Coal.

TRADITIONAL LOGS WITH REVERSIBLE RED BRICK LINER

ZONE HEATING

With a stove in your main living zones, you can enjoy increased comfort while reducing furnace usage in colder weather or eliminating it during warmer spring and fall months.

VERSATILE VENTING

Our stoves can be top or rear-vented, and fit snug corners or against a wall—customized options to suit your room.

With advanced sealed combustion and direct vent technology, Valor stoves offer the best in efficiency and safety. With up to 75% turndown, you can still enjoy the warmth from the glowing embers of a low fire. We set the industry standard in turndown—a measure of comfort.

MADRONA MODERN

MADRONA LOGS

We designed these expertly crafted Madrona logs as realistic-looking as possible, and engineered them to harness radiant heat from the flames and glowing embers.

DRIFTWOOD

TRADITIONAL LOGS

SPLITWOOD

RADIANT AND CONVECTIVE HEAT

All our stoves offer outstanding radiant and convective heat, particularly for their size. With adjustable controls and compact sizing, Valor stoves are well-suited to a variety of spaces.

MADRONA FINISHES

Our stoves are built with the finest cast iron and steel parts that look great and are built to last. The black is powder-coated for durability while the Majolica is a strong porcelain finish.

Ask your Valor dealer to see a sample finish in person.

MADRONA

Both the square and arched cast iron versions are offered in a powder-coated Black or a Majolica glaze:

BLACK CAST IRON

MAJOLICA CAST IRON

VERSATILE VENTING

Our stoves can be top or rear-vented, and fit snug corners or against a wall—customized options to suit your room.

MADRONA MODERN

Choose from three steel side panels, offset by the powder-coated Black cast iron of the body:

ALMOND WHITE STEEL

PEWTER STEEL

BLACK STEEL

SPECIFICATIONS

VENTING OPTIONS: MADRONA AND PRESIDENT

Valor stoves offer several versatile venting options, including top and rear venting. See manual for instructions.

* Madrona requires special options for rear vent. See dealer.

PRESIDENT VIEWING AREA

16³/₄" w x 15³/₈" h = 258"²

MADRONA VIEWING AREA

arched front:
20³/₈" w x 13¹/₂" h = 275"²
(minus frets)

square front:
21³/₄" w x 13" h = 283"²

MADRONA MODERN VIEWING AREA

21³/₄" w x 13" h = 283"²

Always refer to the manual for complete installation instructions.

The President stove includes a convenient panel that allows easy access to manual controls and battery.

REMOTE CONTROL

The Valor Plus remote (GV60) is standard with all our stoves for customized control.

Easily select, adjust and program the desired temperature that you want, saving energy and lowering your overall home heating costs.

Turn your pilot ON and OFF from the handheld remote for years of additional energy savings.

The Valor SmartPilot System automatically shuts down if there's no activity after seven days, reducing unnecessary pilot consumption.
