

Necklace Size Guide

1. Find a string.
2. Place the string around your neck and adjust it to your desired necklace length.
3. Hold the string where it ends.
4. Measure the length of the string with a ruler in inches or using the ruler on this page.
5. The length of this string is the necklace length you would want.
6. Match your necklace measurements with the reference size chart below.
*Please note the necklace may hit you at a different length depending on your height.
