

Nick has been coaching for the past 9 years (Mites through U18 AAA) and has been a part of the Arrowhead High School Varsity coaching staff for the last four years. He is also the Director of Skill Development for the Arrowhead Youth Hockey Association. Prior to coaching, Nick helped take the 2009 Varsity team to the State Championship. For the 2009-2010 season, he was named captain of the team and received 1st team all-conference and 1st team all-state honors (WEHL). After high school, he went to play 'Junior A hockey' but his multiple injuries brought this playing career to an end. His love for the sport and the kids keeps him coaching year round.

**Head Instructor
Nick Szalacinski**

This clinic will add the element of competitiveness to each activity of the day, whether on or off the ice. The aim is to cultivate and bring out that fierce competitor inside each athlete. The clinic is run at an extremely high level of intensity, pushing the skater well beyond his/her comfort zone. In this camp, every day is guaranteed to bring a new challenge.

Each on-ice session will be designed to incorporate all skills while focusing specifically on skating form and technique, shooting, and passing--independently and as a group. There will also be in-depth descriptions provided regarding the proper/most beneficial way to complete each skill before the athlete is asked to perform the skill. Dryland will consist of anaerobic training, strength training, agility training and muscular endurance.

***The Hockey Factor
Summer Skills Camp will
Focus on Stick and Puck
Skills, Passing and Shooting***
