

1. Print on A4 card
2. Cut out 210mm x 105mm rectangle
3. Fold the card in half
4. Use a needle to poke holes through the marked dots
5. Use a needle and thread; pull the needle through the holes you've created, and create a series of X-shaped stitches. Work from the top to bottom of the heart.

You are now cross stitching! Yay!

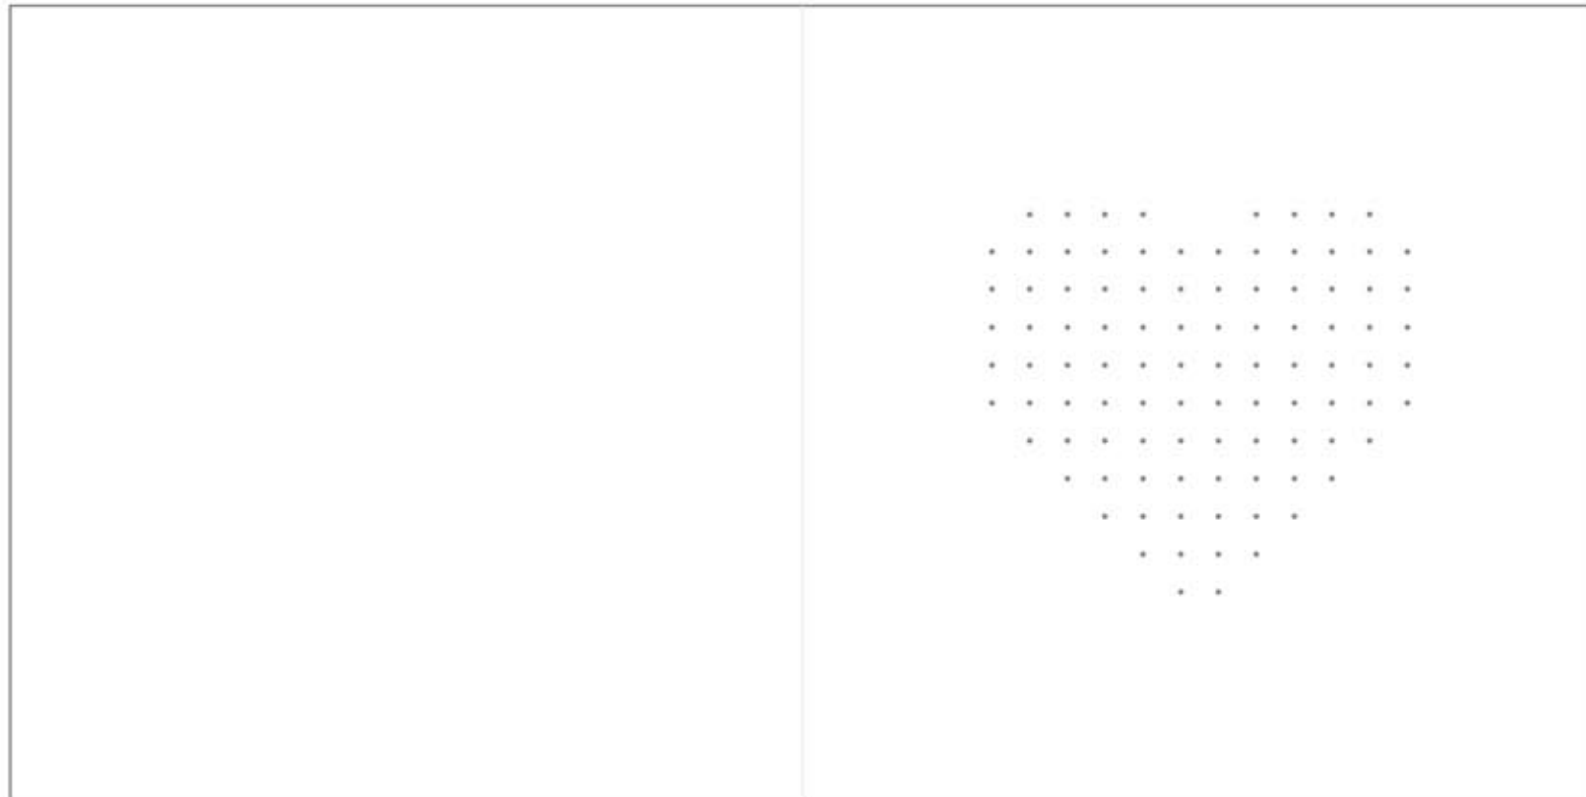

6. Finish up by tying a knot inside of the card.

You're done!
