# ABOUT US

Originally established 2011, A New Koncept bringing you timeless designs for a relaxed place. Koncept in many languages means a name or a label that regards or treats an abstraction as if it had concrete or material existence such as a place or an object.

ANK provides premium quality furniture from sofas, recliners, chairs to beds and more.. Each model we have comes in various sizes, sectional or modular pieces to be installed in numerous configuration to fit into any space as well as various fabric and color options. Our concept designs are created to be the most comfortable part of your life, using highest ergonomic standards, materials and technological inserts. Our design team always got your back to work closely with you to create the perfect furnishing solutions for your space or project.
