WELCOME TO FC FOOTBALL KIT

WE ARE PROUD TO PRESENT THE 2021 FOOTBALL CENTRAL CATALOGUE.

After a lockdown-affected season for many of us last year, we're fizzing for the year ahead. New Zealand has fought hard to battle Covid-19 and we can't wait to see all teams running out to begin the new season.

Creating high-quality kits that bring a club's personality to life is one of our passions at Football Central and we have been thrilled to see our customers introduce some of our hero designs over the past 12 months. We've worked feverishly over the off season to bolster our product selection with the latest range of match and training balls, more variety in our bespoke off-field apparel, and eye-catching, high-performance kits that are 'built for the modern footballer'.

Exciting new products to keep an eye out for include our four new hero sublimation jersey designs and our custom supporter's gear range - including caps, beanies, scarves, and buffs. More colour has been added to our football kit range too. Our very own Glu socks are now available in red and royal, and the new Pace GK kit (pg 21) introduces our fluoro colour palette. The new Vidal range of stock jerseys (pg 20), due to hit shelves in mid-April, will be manufactured with our very own ice interlock performance fabric.

Whether it's bespoke kit design that helps your club's values and personality shine through, new training gear, or a new first aid kit to treat football injuries, we've got you covered!

HOW DOES OUR MADE TO ORDER KIT SERVICE WORK?

DESIGN

We work with our in-house design team to develop your ultimate football kit. The design process can involve using our existing studio templates or coming up with a completely bespoke design. Depending on the complexity of the concept it can take up to 2 weeks for new design requests.

SIZING

You can find size charts at the back of this catalogue. Alternatively, please get in touch to request a size sample set based on your particular requirements.

SUBLIMATION

The majority of our custom made-to-order football playing shirts and shorts are manufactured via a process called sublimation. Sublimation is a technically advanced printing process which involves your design being printed onto heat transfer paper and then 'heated and pressed' (sublimation) onto our range of high performance polyester fabrics. We guarantee no cracking, fading or peeling of your design at any stage due to the ink becoming part of the fabric as opposed to a layer on top of it.

MANUFACTURE

On approval of your design and subsequent supply of order details, we package up the order information and send it directly to our Chinese factory. From this point we confirm specifics with our colleagues in China and then the manufacturing gets underway. We have a 4-6 week manufacture and delivery cycle from the time the order is placed.

We hope this catalogue has the gear your team, school or club is looking for. If there is anything you need that is not listed, please get in touch. Wishing you and your team a fantastic football season!

The Football Central team,
Jamie, Richard, Emma, George, Harry & Derry

Email: sales@footballcentral.co.nz

Phone: 0800 4 FOOTY (436 689)

MINIMUM ORDER

For existing customers, we have some flexibility with the amount of kit we can order - however we prefer to work off a Minimum Order Quantity (MOQ) of 10 units. Please note this can be across any size within the same silo - for example, mens jerseys consisting of 3 x Medium, 3 x Large, 4 x Extra Large.

QUALITY

We stand by the quality of all the garments we supply. We have spent a considerable amount of time over the past 5 years visiting our colleagues in China to refine and improve all facets of manufacturing. This includes sourcing better performance fabrics, improving patterns to better cater for the local market and improved order visibility via integrated systems and processes.

QUOTES & PRICING

Please contact us for a no-obligation quote. Our all inclusive pricing and bespoke service includes design, manufacture and shipping to New Zealand.

SPONSORSHIP OPPORTUNITIES

If your club or school is interested in entering into an exclusive supply arrangement with FC we would love to discuss the benefits of using FC Football Kit.

As a dedicated football company, we like to support local football initiatives and have a number of existing relationships which we are very proud of. Please get in touch for further information!
