## FAR INFRARED TECHNOLOGY

Our Chill Kuzzi beds use a proprietary ceramic-based technology that supports better overall dog health by using naturally-occurring **FIR (Far Infrared Rays) Therapy** to stimulate blood circulation and oxygen flow.

### Calms

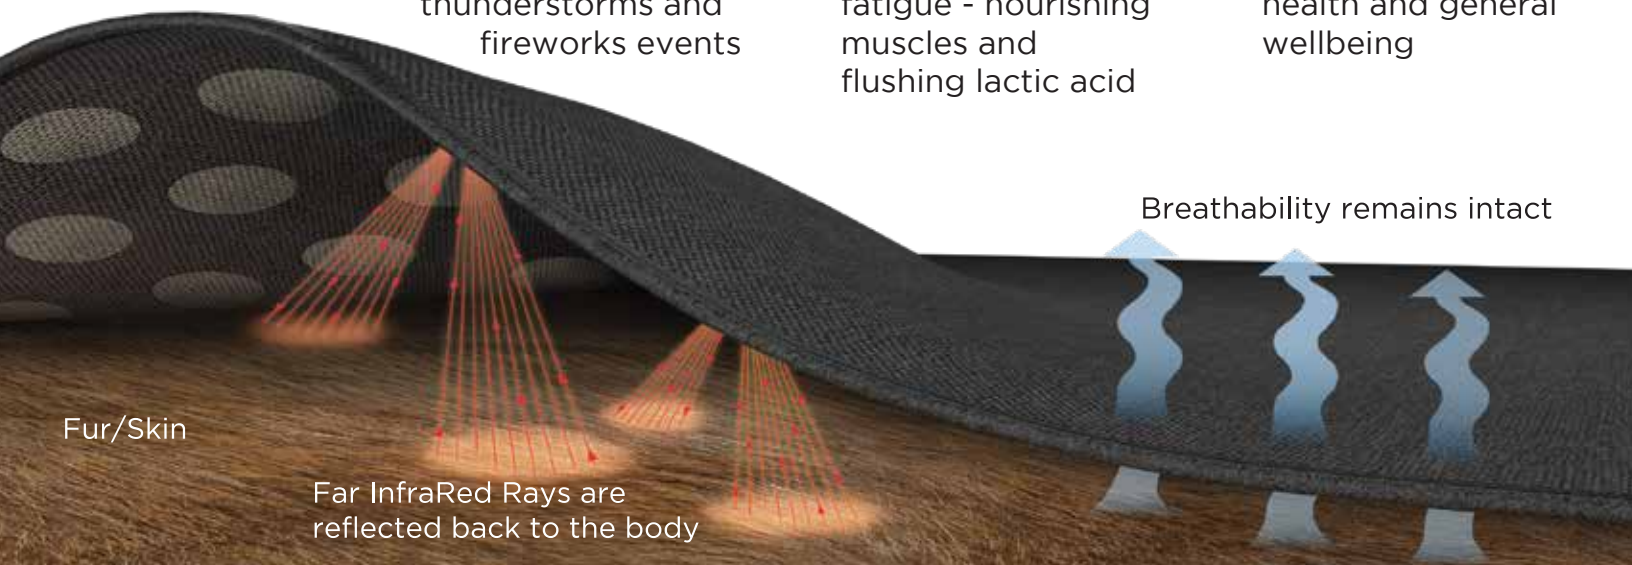

- By reducing serotonin levels can lessen intensity of anxiety and fearfulness episodes
- By helping dog's stay calmer during thunderstorms and fireworks events

### Relaxes+Restores

- By stimulating cells improve blood circulation which can increase oxygen levels throughout
- By reducing muscle fatigue - nourishing muscles and flushing lactic acid

### Heals

- By easing aches, pains, and joint stiffness associated with age and/or arthritis
- By promoting psychological health and general wellbeing
