

## Elephant fish cartilage

Dehydrated treats provide a combination of essential nutrients to maintain, restore and balance your pet's health. Treats should be fed in moderation, complementary to a balanced diet and as part of daily food intake.

### KEY BENEFITS

Great chew for dental health, easy to digest, excellent source of collagen and omega fatty acids, perfect for small breeds.

### SUITABLE FOR

Small breeds, puppies, kittens and seniors.

### TEXTURE

Soft and chewy.

### RECOMMENDED FOR

Skin, joints and coat health, massaging gums of teething puppies and kittens, learning to chew.

### INGREDIENTS

100% natural Australian elephant fish cartilage. Single protein. Free from salts, additives, hormones, antibiotics and preservatives.

### ADDITIONAL INFORMATION

We recommend that your pet is supervised when given treats. Always ensure fresh filtered water is made available.

**THE PET GROCER**
