

Overview:

First half of Math grade 5

Aligned with Ca. State and National Common Core Standards

Table of Contents**Math 5A****1. Place Value and Decimals**

1.1 Writing Large Numbers (4 Ways)

1.2 Place Value

1.3 Place Value of Decimals

1.4 Comparing Decimals

1.5 Rounding Decimals

1.6 Getting Decimals from Fractions

2. Adding and Subtracting Large and Small Numbers

2.1 Adding with the Associative & Commutative Properties

2.2 Adding Large Numbers

2.3 Subtracting Large Numbers

2.4 Adding Decimals

2.5 Subtracting Decimals

2.6 Adding & Subtracting Decimals to/from Whole Numbers

3. Multiplying & Dividing Large Numbers

3.1 Multiplying with the Associative & Commutative Properties

3.2 Large Numbers Multiplied by Single Digit Numbers

3.3 Large Numbers Multiplied by Large Numbers

3.4 Multiplying by Powers of Ten

3.5 Dividing Large Numbers by Single Digit Numbers

3.6 Dividing Large Numbers by Large Numbers

3.7 Dividing by Powers of Ten

4. Multiplying & Dividing Decimals

4.1 Multiplying Two Decimals

4.2 Multiplying Decimals by a Whole Number

4.3 Multiplying Decimals by Powers of Ten

4.4 Dividing Two Decimals

4.5 Dividing Decimals by a Whole Number

4.6 Dividing Decimals by Powers of Ten

4.7 Calculating Tips Easily

5. Order of Operations

5.1 Intro to Exponents

5.2 Intro to Order of Operations (PEMDAS)

5.3 Order of Operations - More Complex

5.4 Converting Word Problems to Numerical Expressions
