**NEW!**

**PREAMP-DI-EFFECTS  
BASS XL**

The ModTone MT-BX Bass XL is a triple shot of features engineered for the bass guitarist in a single pedal. The compression section of the Bass XL gives you quiet studio quality thats at home in both modern slap settings to the overdriven downstroke world and all points in between. A host of features makes this the perfect recording piece, addition to your live rig or much needed backup plan thats small enough to fit in your guitar case.

**PREAMP-DI-EFFECTS  
ACOUSTIC**

Delivers all the power and control you need for any acoustic situation. Tone sculpting options and built-in effects makes this an essential part of your stage or studio rig.

## POWER IT ALL POWER PLANT

MT-POWP POWER PLANT 1.3 Isolated Power Supply

*Hear what your rig is supposed to sound like!*

The ModTone power plant offers 7 isolated outputs. 1-5 switch between 9 and 12 volts dc. Channels 6-7 are sag channels that can be set between 4 and 9 volts dc. Channels can be combined for higher voltage needs. Channels 1-5 are 100 ma, 6-7 are 200 ma. The power plant 1.3 offers one 9-volt ac outlet that puts out 1.3 amps. Dip switches located on the back correspond to the channels on the front and allow you to select either 9 or 12-volts.

Included:

- 1- Red AC Cable
- 1 - Battery Clip Cable
- 7 - Barrel - Barrel Power Cables
- 1 - AC Power Cable

GLUITAR EFFECTS

# POWERED PEDALBOARD

EVERYTHING YOU NEED IN ONE HAND!

The ModTone Powered Pedalboard is the go-to choice to get all of your favorite effects on one board for your next gig. Not only does the Powered Pedalboard have enough room to house all of your effects, it also has the power you need to keep them running all night. The included 9vDC power supply will dish out up to 450mA to keep all of your pedals performing to their max. This package comes with everything you need to make your pedals gig ready including all power cables, power supply and it also comes with a durable road-ready 20mm padded nylon bag!

**Gig-Ready Gig Bag**  
Includes heavy duty nylon gig bag for easy transport and maximum protection.

**ALSO AVAILABLE!**  
MTDB-100 Direct Box

MTDB-100 Direct Box converts any incoming signal to a balanced output. Clean, quiet and reliable and built like a tank!

**ALSO AVAILABLE!**  
MT-6PC Patch Cables

Prepackaged bag of 6 molded 1/4" - 1/4" 18 gauge cables. 8" length makes pedal hookup easy and the right angle ends mean you can set your pedals closer together and maximize pedalboard space.
