FINISHING

With yarn needle, weave in all ends.

Fringes: Add 17 fringes evenly spaced along each short side (cast-on row and cast-off row) of Scarf. Cut lengths of yarn to 50cm. For each fringe, take 3 strands and fold in half. Place first fringe catching together the first 3 sts of Scarf, place last fringe catching together the last 3 sts and place rem 15 fringes on every alternate stitch. Tie fringe as follows: insert hook in the centre point of 3 strands and catch the folded end of yarn. Draw it through fabric (as indicated) and then take the ends of the yarn through the loop. Pull on strands to tighten. Lay out on a flat surface and trim the fringe to neaten up (approx 25cm).

Note: wash scarf carefully at low temperatures, with a very little fabric softener. Lay the scarf to dry on a flat surface, without ever hanging it.
