Panelift® Icon™

Panelift Icon offers all the most-loved features of B&D's popular Panelift door, with some exciting additions. Every Panelift Icon garage door comes with Auto-Lock, which automatically locks your garage door with a heavy-duty deadbolt, so you can rest assured your home is safe and secure every time you close your garage.

Panelift Icon also features quieter operation and comes in a range of stunning COLORBOND colours, as well as B&D's exclusive Knotwood collection.

Superior home protection

Featuring B&D's unique Auto-Lock technology, Panelift Icon is the most secure sectional door on the market if you want to protect your home.

Safety as standard

Every Panelift Icon door features pinch-free hinges to protect fingers from being caught, while 360° perimeter weather seals mean dust and insects are kept out.

Durable performance

Corrosion-resistant stainless-steel cables deliver long-lasting performance in all conditions and our customised balance springs are tested for up to 20,000 open-and-close cycles.

Safe as can 

Qualify for B&D's market leading 10-year Total Confidence Warranty when you purchase a genuine B&D automatic opener. Visit bnd.com.au for more details.

Paneliff® Icon™ Sheer Panel 25:50:25
in White with Wallaby® rebate

The stunning sheer lines of a new Aussie icon.

Designed to integrate with and complement the clean, flush lines of modern homes, our new Paneliff® Icon™ Sheer Panel Series provides home owners with a range of modern sheer face options. Choose from a broad range of colours in fire resistant aluminium composite to create a floating, seamless appearance. Aluminium composite delivers a bold metallic finish, for incredible visual appeal.

Paneliff® Icon™ Sheer Panel options require a Colorbond® rebate colour to be chosen to match or contrast your choice of sheer panel colour. (Rebate: the 'shadow' line or negative detail, created by the gap between the panels)

Panelift®

Panelift® Seville in
COLORBOND® Dover White

Proven, popular & personality plus.

Panelift is B&D's most popular sectional garage door, setting the standard for strong, safe and reliable operation. Made from sturdy COLORBOND steel and offering smooth, quiet operation, it's the go-to garage door for strength and reliability.

Modern design, maximum strength

Each panel is made with reinforced COLORBOND steel and has been tested to withstand Australia's harsh and varied climate.

Increased safety as standard

Every Panelift door features pinch-free hinges to protect fingers from being caught. When a B&D Panelift door is paired with a B&D opener our doors are even safer with automatic reverse which prevents the garage door from closing on an obstruction.

Quiet and Dependable

Custom-designed guides ensure the door runs seamlessly and smoothly while opening and closing, which is incredibly important if you work shifts and arrive home late or have children sleeping above or near the garage.

Qualify for B&D's market leading 10-year Total Confidence Warranty when you purchase a genuine B&D automatic opener. Visit bnd.com.au for more details.

Step 2: Choose your profile

Nullarbor

Seville

Statesman

Grange

Only Available on  Paneliff Icon.

Madrid

Turino

Federation

Step 3: Choose your texture

You have two different textured finishes to choose from - Smooth or Woodgrain.

Smooth, as the name suggests is a traditional, modern smooth finish on the steel. The Woodgrain texture also as the name suggests creates a woodgrain like texture over the profile of the door. Nullarbor profile with a Smooth Texture is only available on our Paneliff Icon.

Smooth Texture

Woodgrain Texture

N.B Textured pattern is slightly different depending on manufacturing location. Grange and Statesman - embossment sizes vary slightly depending on manufacturing location. The process of roll forming steel may cause irregularities in Smooth textures, which can be highlighted under certain lighting conditions and view points. We recommend a Woodgrain Texture is always chosen to avoid any potential irregularities. Nullarbor Smooth doors are not available powder coated or insulated.

Step 4:

Choose your colour

Colorbond®

DOVER WHITE®

The COLORBOND[®] and Knotwood[™] steel colours shown here have been reproduced to represent actual product colours as accurately as possible. However, we recommend checking your chosen colour against an actual sample of the product before purchasing as varying light conditions and limitations of the printing process may affect colour tones. COLORBOND[®] and [®] colour names are registered trade marks of BlueScope Steel Limited. B&D recommends you consult a mobile showroom, or visit your local B&D Accredited Dealer to view a sample. *A surcharge applies to these colours.

Step 5:

Choose your automation

There's huge value in installing a new garage door together with a motor. After all, the ability to drive in and out of your garage without having to get out to open or close the door is a convenience many simply can't do without! But did you know it also makes your garage safer and more secure? B&D openers help you protect your home so you can worry about the things that really matter.

	Smart Pro	Smart	Secure
AUTO-LOCK	✓ (Optional)	✓ (Optional)	✓ (Optional)
FAST OPENING SPEED	✓	✓	✓
POWERFUL MOTOR	1400N	1100N	1100N
OPERATION DURING POWER OUTAGE	✓	✓ (Optional)	✓ (Optional)
SMART PHONE CONTROL	✓	✓	✓ (Optional)
WIRELESS SAFETY BEAM	✓	✓	✓ (Optional)

All opener options include: 2 x Premium Remote Controls and Wall Mount Remote Control.

WIRELESS SAFETY BEAM

If you have young children or pets, safety beams provide added safety and security. If the beam is broken while the door is closing it will automatically stop and reverse. B&D® always recommend the use of safety infra-red beams on all automatic garage doors.

b&d Smart Phone Control Kit

*Phone not included

Have you ever left the house in the morning and thought, "Did I remember to close the garage door?". The kit allows you to monitor and control your garage door while you are at work or even on holidays from your compatible smart phone*.

It is available as an optional accessory with the opener.

Unleash the power of your door with Smart Phone Control

CUSTOMISATION

The B&D® App can be customised to suit your lifestyle. From partial opening modes to restricting door access times, your protection and security is a priority.

ACTIVITY LOG

You can view usage history on the App so you know who has operated your garage door and when.

YOUR SILENT ALARM

The B&D® App features real time notifications alerting you whenever your door is operated, opened for an extended period of time or when your opener is in need of a service.

Step 6:

Windows and insulation

Ideal for a Hamptons-inspired home, stylish Plain or Stockton windows can be added to Statesman, Grange and Federation profiles.

Insulation acts as a barrier to heat flow and is essential for keeping your home warm in winter and cool in summer. The process of installing insulation in your garage door also means that the door is physically thicker, stronger and harder to penetrate and lift, making it stronger than a normal door. It also reduces sound transfer to other parts of your home, which is helpful if you have young children or a bedroom above the garage.

Grange with Stockton windows

Optional Upgrades

CLEAN AND TIDY

BRISTLE SEALS

Bristle seals fill the gaps around the door, acting as an effective barrier against dust, sand or leaves entering the garage, creating a cleaner environment. This is two-way noise barrier for a noticeably quieter garage, Insul-shield also assists with keeping your garage warmer

HIGH WIND PERFORMANCE

STORM-SHIELD™

The B&D Storm-Shield™ Wind Rated Sectional Door has been specifically designed for use in cyclone affected areas in Australia. Engineered for Region C, Terrain Category 2, Wind Classification up to C2. Independently tested and certified by NATA accredited agencies.

BUSHFIRE PROTECTION

B&D BAL-MAZE™

B&D® BAL-Maze™ – the only CSIRO tested BAL-40 door system in Australia. When you live in bushfire zones, you need to have confidence in BAL rated products to protect you when you need it most! You can rely on B&D® to provide that peace

Safe as can

At B&D®, we know that behind your garage door are the things that matter to you most. The things that make your house a home. So, to keep the things in your garage safe, just get a B&D® door. Most garage doors just close but a B&D® garage door can be locked securely shut. We're so confident, we back our garage doors and openers with a 10 year warranty.

With over 60 years of innovation our range of garage doors and access control systems are tough, smart and reliable. A blend of cutting edge security solutions, beautiful design and proven dependability. That's what makes us Australia's original and most trusted garage door brand.
