Easily create your labels

You can enter text and easily insert emojis, caricatures, photos and more to create your own labels. The created label can be saved,so you can print it as many times as you like.

Compatible with all languages and alphabets

Print in any language directly from the app when you use your preferred keyboard settings for typing words, phrases, and characters. Pick a font! There are many to choose from. *The fonts that can be used depend on your device.

Original Design Function

Import your photos and create your own!

Multiple label templates to choose from

A wide range of predesigned label templates are available on the app for convenient and quick usability. Simply select the design you like, and press print!

Palm-sized and battery powered

Its petite size and shape makes the device compact and easy to store. Battery powered, so you can create labels on-the-go from anywhere.

Easily create labels straight from your smartphone

Connects to your smartphone via Bluetooth. Labels can be designed and edited directly from the app.
