Finally, beauty meets real science

SkinZAP
광학 피부 리프팅 시스템

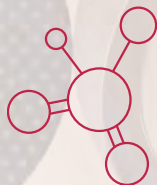

It's different when we make it.

Deep dive research into the therapy based on
the light source and electricity for years.

We are a research-oriented company that studies skin technology.

Our technologies originated from our own researches,
while our beauty devices are created by
the efforts of several Masters and Doctors.

We proudly offer you unparalleled skincare solutions.

The scientific basis of
all stages for raw material
and technology development.

High level of technology
based on original technology
and patents.

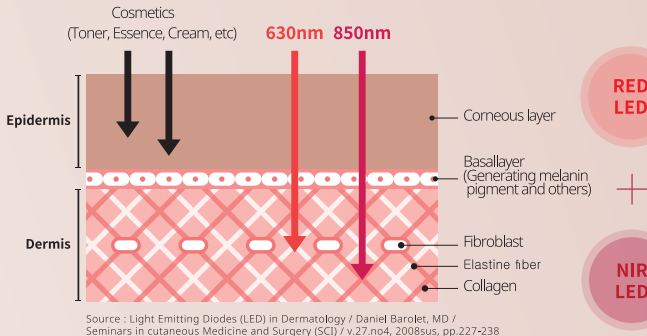

GALVANIC
LED BOO

Triple Action Homecare

bubblux

LIGHT THERAPY

RED(630nm) + NIR(850nm) penetrates deep into the skin!

Source : Light Emitting Diodes (LED) in Dermatology / Daniel Barolet, MD / Seminars in Cutaneous Medicine and Surgery (SCI) / v.27, no.4, 2008, pp.227-238

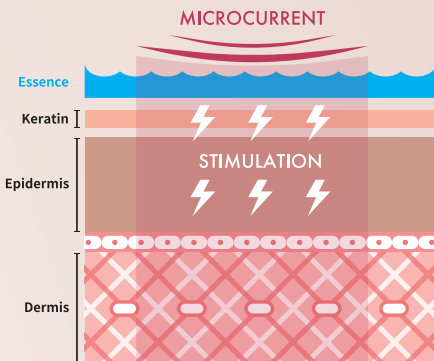

RED(630nm) Ray that penetrates the dermis, Helps with skin tightening and regeneration by facilitating the production of elastin and collagen.

NIR(850nm) Ray that prevents skin pigmentation and promotes regeneration by warm heat, deep irradiation up to 4mm.

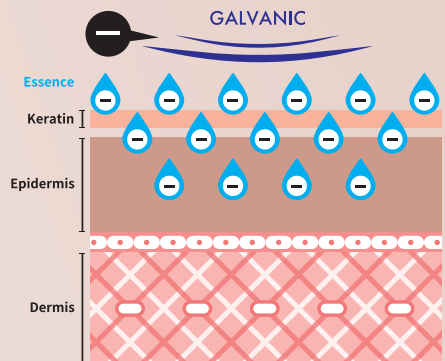

ELECTRONIC THERAPY

ALTERNATING CURRENT (FARADIC)

If you take care of your skin with a faradic current, not only will your muscles become softer, but you will also increase your cell regeneration and metabolism in addition to promoting blood circulation. It is effective in improving skin elasticity, removing wrinkles, and discharging facial wastes.

DIRECT CURRENT (GALVANIC)

Galvanic current uses the property of repelling the same polarity and attracting the opposite polarity when molecules are ionized and become electrically charged. It plays a role in penetrating active ingredients into the skin and discharging wastes.

01

Quadro-effect LED Mask

Lu+Well

Pick Points

- 4 in 1, Quadruple effect LED mask (LED+IR+Microcurrent+Galvanic Together)
- Focusing on the nasolabial zone, where 80% of skin trouble such as wrinkles, pore is concentrated.
- Ergonomic design and highly condensed LED chip for best result (RED + IR 163)
- Lightweight and charging cradle, detachable battery for easy carry.
- Mobile Bluetooth control by dedicated app
- Clinically tested

• Mask & Cradle

• Ear loops

• Visor(Eye Protection)

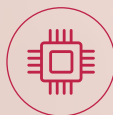

DUAL EFFECT

Light and electricity
two functions at once

ULTRALIGHT & COMPACT

Lightweight and slim design

DESIGNED FOR SAFETY

By smart IC circuitry design

CORDLESS DESIGN

Perfectly hands-free

ENERGY SAVING & RECHARGEABLE

Low power design allows
for minimal power consumption
for long hours of use
and rechargeable function

FOCUS

Intensive care for small areas
vulnerable to facial wrinkles

BLUETOOTH

Smart control by your
mobile phone Select skin type

WATERPROOF

Can be washed lightly with
water for cleanliness after use

CONTINUOUS USE EXTRA BATTERY

Replaceable 2 battery packs

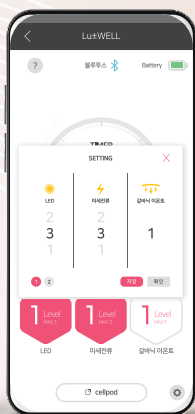

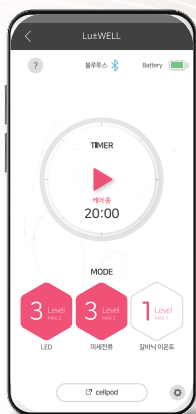

Ear Loop

The mask is tightened to the
face by an ear loop.
It helps staying effective and more
easy to move while wearing it.

Replaceable battery pack

CONTINUOUS USE EXTRA BATTERY

Replaceable 2 battery packs

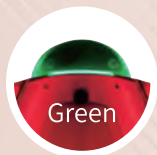

BLUETOOTH

Smart control by your
mobile phone Select skin type

- It is recommended to use together with the Ecowell's Silver Mask Pack for best result.
- It can be used together with basic cosmetics such as essence or serum. If you use it without
- applying a mask pack or cosmetics, the effect will be reduced.

LED Indicator

Touch

Indicator color	Microcurrent and LED strength is adjustable by each touch	Management mode (LED+Microcurrent+Galvanic)	Alarm sound	Full operation time
Green	Short Touch	Microcurrent Level 1~3	Beep sound once	Total 20min (LED 10 min / microcurrent + galvanic 20min)
	Long Touch	LED Level 1~3	Beep sound twice	

Articles	Specifications
Dimension	Main Device : 133mm x 143mm x 50mm Cradle : 140mm x 140mm x 130mm
Weight	Main Device : 38g (Before battery Install), 44g (After battery install) Cradle : 192g
Light source	630nm(RED) 104ea + 850nm(NIR) 38ea (Total 142ea)
Operation time	LED+Microcurrent+Galvanic / 20min
Recommended operating temperature	0°C - 40°C
Recommended operating humidity	10% - 90%
Number of consecutive uses	1 time
Full charge time	Max 1 hour
Battery Specifications	3.7V / 110mAh

LED MASK Clinical test

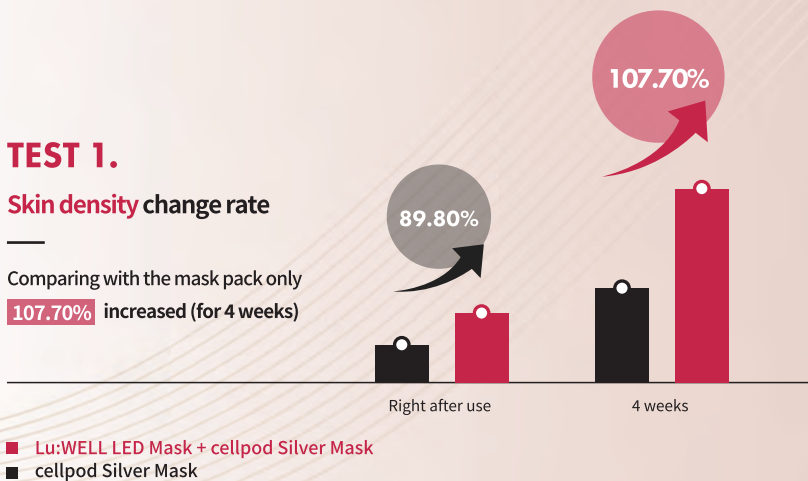

(KC Skin Research Center)

TEST 1.

Skin density change rate

Comparing with the mask pack only

107.70% increased (for 4 weeks)

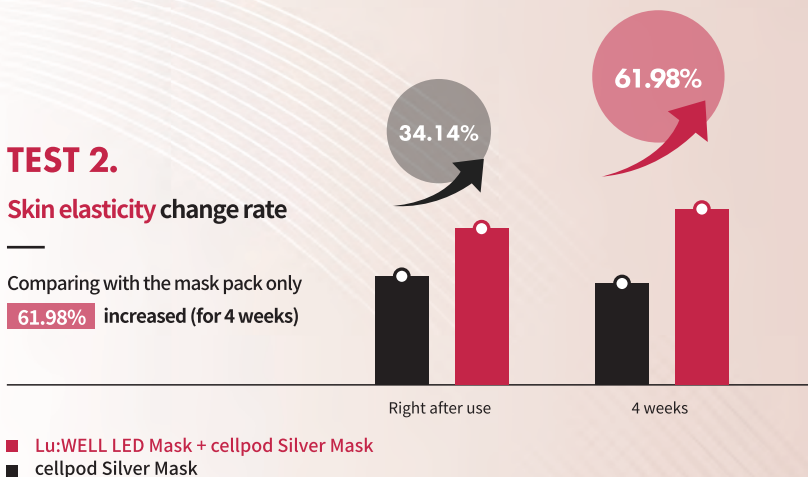

TEST 2.

Skin elasticity change rate

Comparing with the mask pack only

61.98% increased (for 4 weeks)

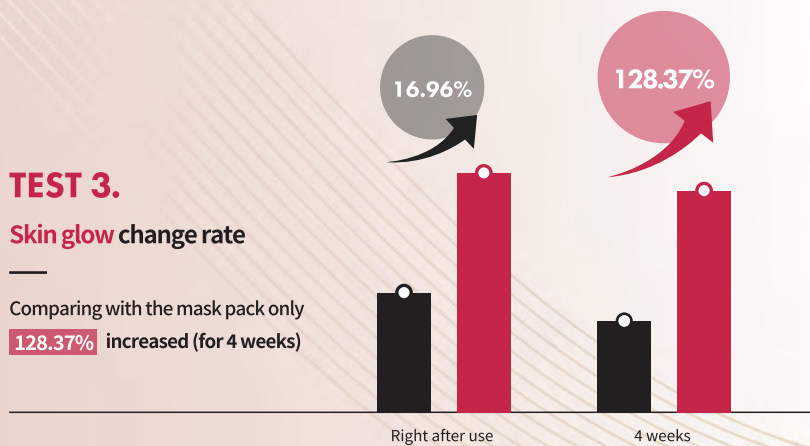

TEST 3.

Skin glow change rate

Comparing with the mask pack only

128.37% increased (for 4 weeks)

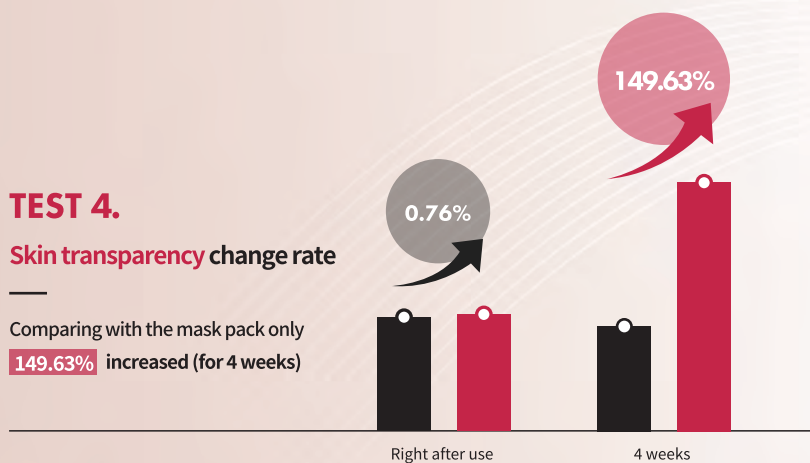

- Lu:WELL LED Mask + cellpod Silver Mask
- cellpod Silver Mask

TEST 4.

Skin transparency change rate

Comparing with the mask pack only

149.63% increased (for 4 weeks)

- Lu:WELL LED Mask + cellpod Silver Mask
- cellpod Silver Mask

02 MICROCURRENT MASK PACK

SkinZAP

Double effects by microcurrent treatment and excellent essence

Focusing on skin elasticity by generating collagen deeply in your face

Incredible effect by ingredients of essence (Adenosine, Niacinamide, 3 patented ingredients)

Easy to use: All you have to do is attach the device on your forehead

● SILVER MASK

Silver mask

- Ecowell's best-selling mask pack
- Essence composition with whitening and wrinkle improvement effects / Use of vitamin C coated sheets
- True microcurrent effect with silver-containing silver pattern

● BLACK MASK (Graphene & CNT)

Black mask

- Ecowell's new mask pack
- Essence composition focused on soothing and moisturizing
- Excellent microcurrent effect with graphene-containing black pattern

Pick Points

● **Microcurrent + galvanic simultaneous action**

-One device simultaneously implements microcurrent, which helps skin elasticity, and galvanic function, which helps absorb active ingredients in cosmetics, helping with efficient skin care.

● **Real Microcurrent Treatment**

-Have seen others without device? Then, it can't make microcurrent.
-Increase of collagen thickness / Increase of protein synthesis / Elevation of elastin fiber

● **True Home Aesthetic**

-Save your time from spa and skincare shop.

● **Differentiated Essence on Mask Sheet**

-It fills your skin with elasticity from the inside out by double function essence.
-Niacinamide, Adenosine, etc together with 3 patented ingredients. (Silver Mask)

● **One more thing you will get from this maskpack**

-Make up goes so well after using this.

● **Automatic Power ON / OFF**

-Just leave the device on your forehead, and it will last 20 minutes.
-Skin care is not a hassle anymore.

Microcurrent Maskpack Clinical Test

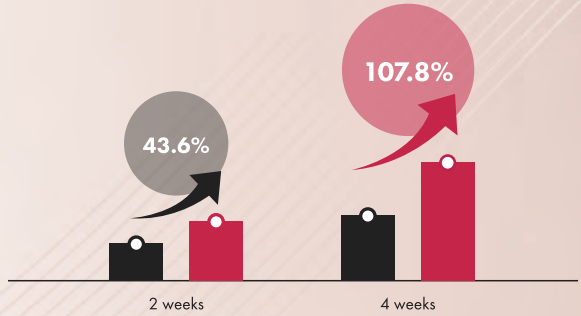

(P&K Skin Research Center, Korea)

TEST 1.

Increased skin elasticity of the cheeks

Comparing with the
mask pack only

107.8% increased (for 4 weeks)

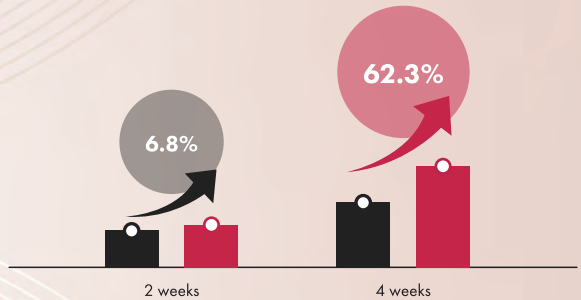

TEST 2.

Increased skin elasticity of the forehead

Comparing with the
mask pack only

62.3% increased (for 4 weeks)

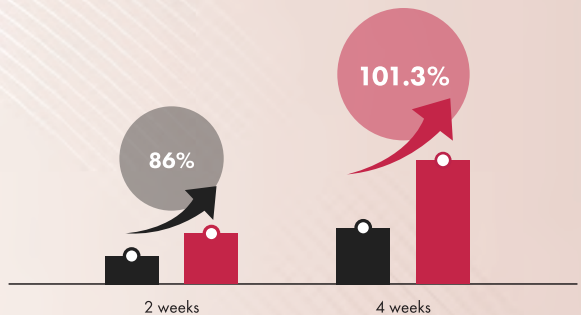

TEST 3.

Increased skin elasticity of the eye region

Comparing with the
mask pack only

101.3% increased (for 4 weeks)

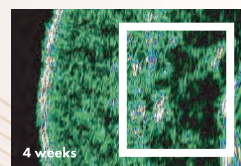

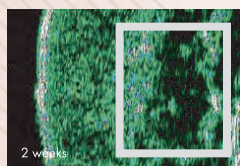

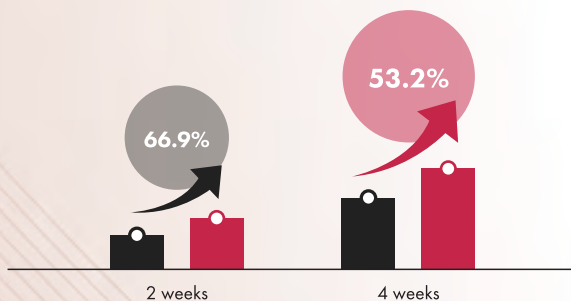

TEST 4.

Increased skin density

Comparing with the
mask pack only

53.2% increased (for 4 weeks)

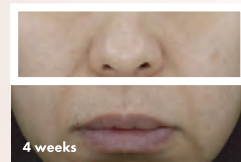

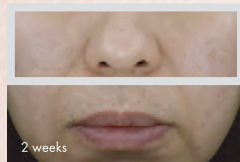

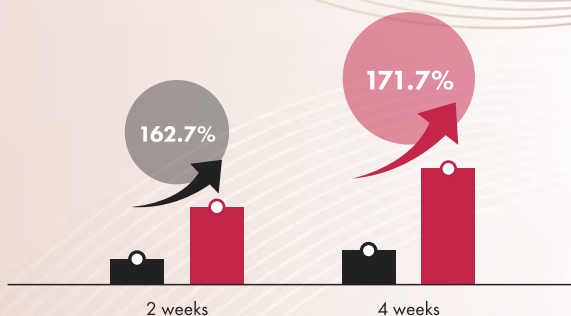

MCWELL Mask pack + Device test group, Female of 40's with dry skin type

TEST 5.

Enhanced skin tone (Brightening)

Comparing with the
mask pack only

171.7% increased (for 4 weeks)

MCWELL Mask pack + Device test group, Female of 40's with normal skin type

03

PERFECT COMBINATION OF BEAUTY DEVICE AND CREAM
Intensive care around eyes and lips

WRINKLELESS PERFECTOR & GALVANIC WRINKLELESS CREAM

4 in 1
Home Aesthetic
Device

Eyebags and
Facial Line
Killer

Easy to use :
Automatic
power ON / OFF

Just grab the device
and roll it around
your face and neck

Pick Points

- **Galvanic Treatment**
Boosting the penetration of active ingredients (i.e., Niacinamide, Vitamin-C, hyaluronic acid)
- **RED LED (630nm) Light Therapy**
Irradiating (630-660 nm) to aid collagen production
- **NIR (Near Infrared / 850nm) Light Therapy**
- **Micro Vibrations**
Lifting effect with approximately 12,000 micro vibrations per minute
- **Diamond Kneading**
Optimizing skin massage by 42-face

HOW TO USE

04

Compact Size 3 in 1

GALVANIC LED BOOSTER

Renew your skin
with 3-minute
massage every day

Handy and small
enough to carry even
when you're out of home

Easy to use :
All you have to do is attach
the device to your forehead

Pick Points

- **Galvanic Therapy**

- It's so called, iontophoresis, which boosts penetration of cosmetic ingredients compared with rubbing your hands.
- It is effective when used with essence containing niacinamide, vitamin C, and hyaluronic acid, etc.

- **Red LED Treatment (630~600nm)**

- With the close LED irradiation, it helps collagen generation inside of your skin.

- **NIR (Near Infrared / 850nm) Light Therapy**

- It promotes regeneration of skin by warm heat.

- **Automatic Power ON / OFF**

- The device is automatically turned on/off using biometric current.
- Skin care is not a hassle anymore.

SPEC

Articles	Specifications
Battery	CR2032 / 2EA
Continuity of Applicator Usage (Actual Using)	120 min (180 min)
Motor	Coin Type Vibrator
Function	Vibration, Red LED, Galvanic
ON / OFF	Biometric Switch

HOW TO USE

05

Compact size 5-in-1 elasticity improver

ELB (EMS:Low Frequency Therapy
+microcurrent+LED Booster)

Pick Points

- 5-in-1 smart beauty device with EMS+microcurrent+vibration+LED (RED+IR) care
- Enhanced elasticity care by EMS and microcurrent
- Red + IR LED provides deep intensive care.
- Compact size achieved by adopting smart micro technology (62mm x 45mm /18g)
- Easy to carry and use
- Various designs and colors (OEM)

SPEC

Articles	Specifications
Battery	CR2032 / 2EA
Continuity of Applicator Usage (Actual Using)	100 min (160 min)
Motor	Coin Type Vibrator

06 Compact Silicone Vibrating Brush

bubblux

Vibrating cleansing device, excellent in removing dirt and wastes in pores without irritation

Easy to use by lightweight, waterproof (IPX8)

Pick Points

- **Exceptional Convenience**
 - Slide your fingers into Flexible Finger Band (No ON / OFF switch)
- **Microvibration**
 - It delivers MORE cleansing power and LESS skin irritation - approximately 12,000 RPM
- **Ease of Using**
 - Hand-to-hand convenience in compact design
- **No Hassle of Recharging**
 - Built-in battery case (replaceable CR2032 battery)

SPEC

Articles	Specifications
Battery	CR2032 / 1EA
Continuity of Applicator Usage (Actual Using)	50 min (75 min)
Motor	Bar Type Vibrator
Function	Vibration
ON / OFF	Magnetic Switch
Waterproof level	IPX8

07

HIFU multi-care device

o'well

Pick Points

- **Multi-beauty device with built-in HIFU**
(focused ultrasound function)
- **Radio Frequency (RF)**
- **Low frequency (EMS)**
- **Microcurrent**
- **Galvanic iontophoresis**
- **Hot SPA**
- **LED (R,G,Y)**
- **IR infrared**
- **Rotatable head**
- **Beautiful charging stand**

SPEC

Articles	Specifications
Battery	Rechargeable

08

Skin makeup by micro-vibration

Multi-function Gua Sha Massage Device

Pick Points

- **In addition to the effects of micro-vibration and traditional massage, galvanic, microcurrent, and thermal functions are implemented at the same time.**
- **The effect of Guasha massage**
 - Removal of stagnant toxins in the skin of the face
 - Lifting effect of facial skin
 - Relieves skin swelling and improves blood circulation
- **Easily change modes with one Start/Stop button**
 - Green : galvanic + micro-vibration mode
 - Blue : microcurrent + micro-vibration mode
 - Red : thermotherapy + micro-vibration mode
- **Operates by holding the device without a separate switch and touching the other side of the device to your face**
- **Auto-off function: Auto-off after 1 minute when not in use**
- **Built-in USB C-Type charging port (1-hour continuous use when fully charged for 2 hours)**

SPEC

Articles	Specifications
Battery	Li-Po 600mAh
Time for charging Continuity of Applicator Usage (Actual Using)	60 minutes (80 minutes)
Motor	Cylindric Vibrator
Function	Vibration, Galvanic, Microcurrent, Thermotherapy

Triple Action Homecare

bubblux

光疗法

RED LED光(630nm)及近红外线(850nm)光线，可对皮肤深处进行照射。

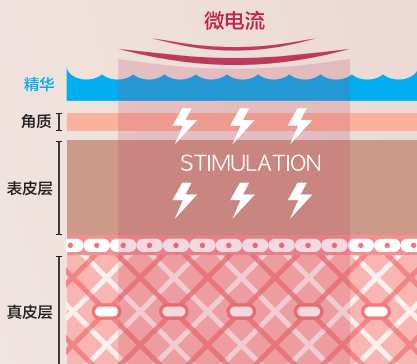

Source : Light Emitting Diodes (LED) in Dermatology / Daniel Barolet, MD / Seminars in cutaneous Medicine and Surgery (SCI) / v.27.no4, 2008sus, pp.227-238

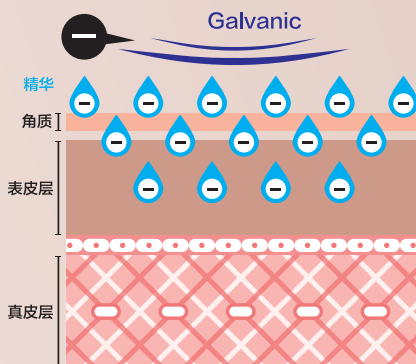

电流疗法

交流(感应电流)

使用微电流对皮肤进行管理，肌肉就会变得松弛柔软，当然不仅如此，微电流还可促进血液循环，促进细胞再生及新陈代谢，于改善皮肤弹性，缓解皱纹以及排出面部老废物质方面都具有明显功效。

直流(Galvanic)

当分子离子化时，就会携带有电荷输出相同的极性，Galvanic电流就是借用相同极性输出这一特点，将有效成分渗透至皮肤内部，同时排出皮肤中堆积的老废物质。

01

四重功效的LED面膜

Lu + Well

Pick Points

- 四重功效的LED面膜(LED + IR + 微电流+ Galvanic复合效果)
- 集中护理汇集皱纹, 毛孔等80%皮肤问题的蝴蝶区。
- 为实现最佳效果, 采用满足人体工学的设计以及高密度的LED芯片(RED + IR LED 163)
- 重量轻, 使用充电式支架, 分离式电池, 携带方便。
- 安装专用程序, 通过蓝牙进行控制。
- 完成临床试验

● 面膜&支架

● 耳挂

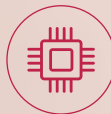

● 遮盖(护眼用)

DUAL EFFECT

02 微电流面膜

SKINZAP

通过微电流及优质精华
达到双重效果

深入面部皮肤，
生成胶原蛋白的同时
集中改善皮肤弹性

精华成分的卓越
效果(腺苷，烟酸
酰胺，三大专利成分)

简单的使用方法：只需将产品
贴在额头部位即可。

● 银色面膜

● 黑色面膜(石墨烯&CNT)

银色面膜

- ECOWELL的畅销面膜
- 由兼具美白及皱纹改善功能的精华组成/使用维他命C涂层贴膜
- 添加含有金属银的图案，达到真正的微电流效果

黑色面膜

- ECOWELL全新推出的面膜
- 由兼具镇定及保湿为主的精华组成
- 添加石墨烯的黑色图案，达到卓越的微电流效果

Pick Points

- **微电流+GALVANIC同时作用**
 - 一台设备同时实现有助于皮肤弹性的微电流和有助于吸收化妆品活性成分的GALVANIC功能，有助于高效护肤。
- **真正的微电流疗法**
 - 严选专用设备的真正微电流效果
 - 增加胶原蛋白厚度/增加蛋白质合成/增加弹性纤维
- **真正的家庭式美容**
 - 节省了前往美容院及护肤品专柜的时间。
- **不同种类的精华(面膜)**
 - 双重功能精华，有助于皮肤内外充满弹性。含有烟酰胺，腺苷等三种专利成分(银)
- **具有改善肌肤纹理的效果，有助于后续上妆。**
- **自动电源ON/OFF**
 - 将设备放在额头上，持续使用20分钟。
 - 护肤已不再麻烦。

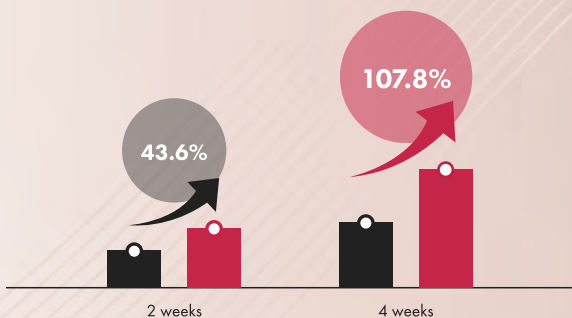

微电流面膜临床试验结果 (P&K 皮肤临床研究中心)

TEST 1.

增加**脸颊部位**的皮肤弹性

相较于只使用面膜

效果增加 **107.8%** (四周期间)

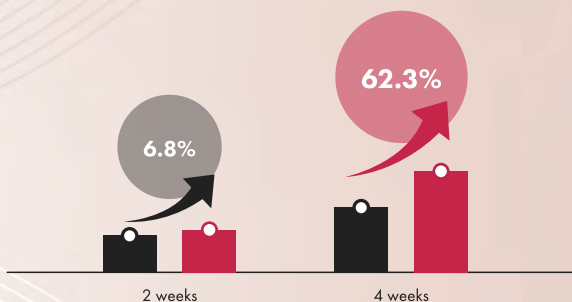

TEST 2.

增加**额头部位**的皮肤弹性

相较于只使用面膜

效果增加 **62.3%** (四周期间)

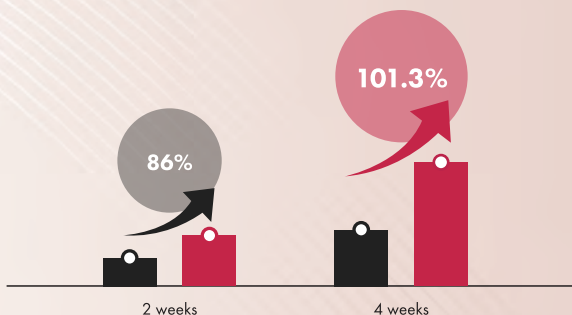

TEST 3.

增加**眼周部位**的皮肤弹性

相较于只使用面膜

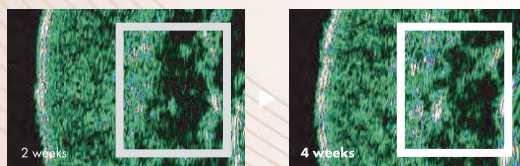

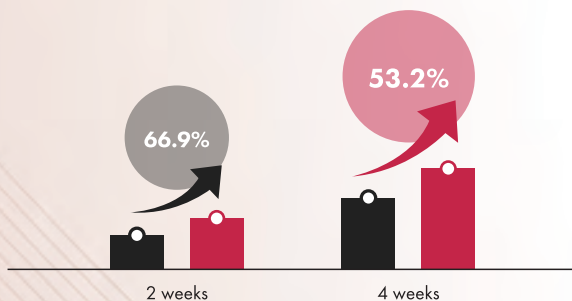

效果增加 **101.3%** (四周期间)

TEST 4.

皮肤紧致度增加

相较于只使用面膜
效果增加 **53.2%** (四周期间)

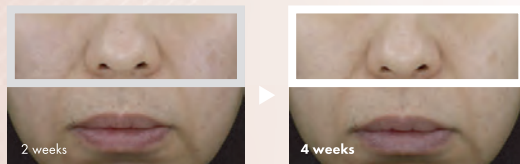

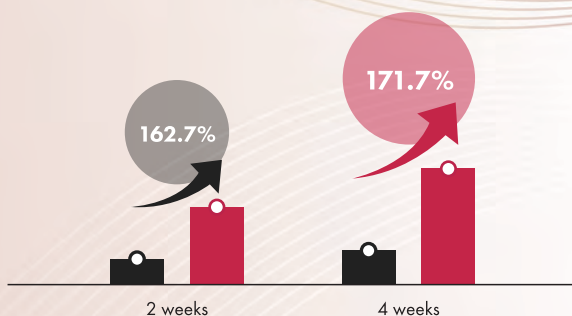

面膜+设备试验组, 40岁+, 女性, 干性皮肤

TEST 5.

肤色改善(美白效果)

相较于只使用面膜
效果增加 **171.7%** (四周期间)

面膜+设备试验组, 40岁+, 女性, 中性皮肤

03

美肤设备与乳霜的完美组合

WRINKLELESS PERFECTOR&
GALVANIC WRINKLELESS乳霜

集中护理眼部及嘴周

4 in 1
家庭式美容
设备

黑眼圈及
脸部线条护理

简单使用：
自动ON/OFF

手持产品
于脸颊及颈部进行
轻柔涂抹即可。

Pick Points

- **Galvanic效果**
促进有效成分的渗透(i.e., 烟酰胺, 维他命-C, 玻尿酸)
- **RED LED (630nm)光疗**
使用光线(630 – 660nm)照射, 促进胶原蛋白的生成
- **NIR (近红外线 / 850nm)光疗**
- **微震动**
每分钟约12,000的微震动, 达到提拉皮肤的功效
- **钻石切割**
42面的钻石切割设计, 更适合对弧线的脸部皮肤进行按摩

SPEC

项目	详细事项
电池	LR44 x 2EA
连续使用时间(实际使用时间)	80分钟(120分钟)
电机	气缸式震动器
功能	微震动，红色LED，Galvanic，近红外线
ON / OFF	人体识别开关

HOW TO USE

04

小巧尺寸3 in 1

Galvanic LED助推器

3 min

尝试每日按摩三分钟，
让皮肤焕然一新吧。

不管是外出还是
随身携带，小巧设计
随时方便使用。

便捷使用，
只需将产品
贴合面部即可。

Pick Points

• Galvanic疗法

- 又名离子电渗疗法(iontophoresis)，比起用手涂抹，护肤品有效成分的渗透力会显著增强。
- 与添加有烟酰胺，维他命C，玻尿酸的精华等一起使用效果更佳。

• 红色LED (630nm)

- 密集的LED照射，有助于皮肤内胶原蛋白的生成。

• NIR(近红外线/850nm)光线治疗

- 温热触感有助于皮肤再生。

• 自动电源ON/OFF

- 利用人体电流，设备可自动控制ON/OFF。
- 护肤已不再麻烦。
